Upon motion the Resolution was adopted.
The following Resolution was presented to the Board:

RESOLUTION.

WHEREAS, On the 25th day of April, 1923, the Trustees of the Internal Improvement Fund of Florida entered into a contract and agreement with W. J. Conners looking to the construction of a hard-surfaced toll road along the banks of the Palm Beach Canal and along the shores of Lake Okeechobee to the City of Okeechobee, Florida, and granted to the said W. J. Conners certain right-of-way and privileges along the route of said road; and,

WHEREAS, In said contract and agreement the following provisions and stipulations were made as to bridges along said toll road over navigable canals:

"THIRD: Conners agrees to construct and maintain on such strip herein granted, a hard-surface road not less than fifteen feet wide and not nearer the canal than twenty-five (25) feet, and also to construct at each point where said strip of land crosses a canal having dimensions of not less than ten feet depth of cut and forty (40) feet width of bottom, a steel bridge of some practical draw type. That the net clearance between abutments shall not be less than fifty (50) feet, and that the overhead clearance at the lowest member of bridge or bridges shall not be less than four (4) feet above normal ground surface when the span is closed, and that the vertical clearance when the span is open for the requirements of navigation shall not be less than forty (40) feet above the water level at the side of the bridge. That all ditches or culverts constructed by Conners, connecting with the West Palm Beach Canal, shall be in accordance with the requirements of the Board for such ditches or culverts."

AND WHEREAS, At the time of the entering into the contract and agreement aforesaid the St. Lucie Canal was not open for the passage of boats and water crafts generally, the said Toll Road passing over the said St. Lucie Canal near the margin of Lake Okeechobee, the said Conners secured a permit from the Board of Commissioners
of Everglades Drainage District and from the Trustees of the Internal Improvement Fund to construct a temporary bridge across the said St. Lucie Canal, said temporary bridge to be used to aid in the construction of said Toll Road; and,

WHEREAS, The said Toll Road has been opened and used for toll traffic, and the said St. Lucie Canal has been opened for navigation and passage of boats for certain purposes; and,

WHEREAS, It has been brought to the attention of said Board of Commissioners of Everglades Drainage District and the Trustees of the Internal Improvement Fund that:

On the 28th day of May, 1924, the said W. J. Conners was notified by the Chief Drainage Engineer that steel draw bridge as provided for in the above quoted paragraph of his contract was necessary.

That on the 2nd day of August, 1924, the said W. J. Conners was again put on notice as to the necessity for the construction of said steel draw bridge, and again on the 29th day of August, 1924.

That the Board is now informed that the said W. J. Conners, up to the present time, has made no move or beginning as to the physical construction of said draw bridge over said St. Lucie Canal.

AND WHEREAS, The Drainage Commissioners aforesaid and the Trustees of the Internal Improvement Fund are advised that certain barge, barges or water craft desire to pass through the waters of said St. Lucie Canal and into the waters of Lake Okeechobee for legitimate business purposes; that said barge, barges or water craft are of dimensions that could readily pass through draw bridge constructed according to the specifications provided for in above quoted provision of said contract, but that such cannot pass through the openings of the temporary bridge constructed across said St. Lucie Canal by the said W. J. Conners as aforesaid;

AND WHEREAS, It is vitally essential to the proper development of that section of the State, and for the carrying on of developments in that section now under way, that the said St. Lucie Canal be open to the passage of all reasonable water craft in legitimate use on said canal.

AND WHEREAS, The agents and employees of the Florida East Coast Railroad Company, engaged in the
construction of branch line from Okeechobee City south, has informed this Board and the Trustees that they are desirous of passing Derrick Barge used in the construction of bridges through the temporary bridge of W. J. Conners aforesaid but are prevented from passing said barge through:

1. Because the temporary bridge as constructed will not permit the passage of said barge, and,
2. Because the said W. J. Conners has refused to open said bridge sufficient for the passage of said barge;

THEREFORE BE IT RESOLVED, By the Trustees of the Internal Improvement Fund of the State of Florida and the Board of Commissioners of Everglades Drainage District that the said W. J. Conners, or his agents and employees in charge, within ten days from this date do open said temporary bridge over the St. Lucie Canal on the line of his said toll road for the passage of said Derrick Barge and for all other legitimate water craft desiring to pass said bridge; and that upon the failure of the said W. J. Conners, his agents or employees, to open said bridge for the passage of said craft that the Chief Drainage Engineer is hereby ordered and directed to at once proceed to the opening of said temporary bridge for the passage of said Derrick Barge and any other water crafts legitimately using said waters.

RESOLVED FURTHER, That the said W. J. Conners is hereby requested to proceed with all reasonable dispatch to the construction of steel draw bridge provided for in his said contract.

The resolution was adopted and the Secretary instructed to forward certified copy of same to Mr. W. J. Conners at West Palm Beach, Florida.

Upon motion the Trustees adjourned.

The Trustees advised Mr. Goodno that they would have the Field Agent, Mr. Richardson, survey and investigate this land and upon report from him would advise Mr. Goodno of their action in the matter.

The Chief Drainage Engineer was requested to have surveyed the margin of lands along Lake Okeechobee Meander line at a contour of 17 feet, as such survey has not heretofore been made, and to prepare plats and field notes and file same as official survey with the Honorable Commissioner of Agriculture.

Mr. I. M. Hirshfeld, of the Altha Products Company, having appeared before the Trustees on December 15, 1924, and made application to mine mineral-bearing sands along the Atlantic Ocean Beach, from the St. Johns River to St. Augustine, and the Trustees having had their Field Agent make investigation and report on the value of the products produced from sand mining operations, and the said report
being to the effect that from analysis and investigation it was the opinion of the Field Agent that a royalty of 25 cents per ton, gross, for all sand removed should be paid.

Mr. Hirshfeld being present stated that his Company was willing to pay such royalty. Whereupon, Mr. Buford moved that contract for mining such sand be drawn by the Special Counsel and that said contract be for five (5) years, subject to renewal upon terms to be agreed upon by the Trustees and said Company. Settlement to be made monthly and Surety Bond of $10,000 to be furnished by the Company. Contract to contain other conditions as set forth in application of the Company. The motion was duly seconded and unanimously adopted.

Messrs. J. Locke Kelley and Mr. Marshall, of Clearwater, appeared before the Trustees and stated that they would like to purchase submerged lands in Sections 8, 9, 16 and 17, Township 29 South, Range 15 East, Pinellas County, containing approximately 103 acres, which they thought were worth $50.00 per acre.

Mr. Luning moved that the Engineer's Office be requested to ascertain the acreage and correct description of the submerged land referred to and furnish same to the Secretary, and that the Secretary proceed to advertise said land for sale at competitive bids in open session of the Trustees. Motion duly seconded and adopted.

The following lands in Dade and Palm Beach Counties, title which had vested in the Trustees for nonpayment of drainage taxes, upon application of former owners were ordered advertised:

All Sections 4, 5, 6; N1/2 of NE1/4 and N1/2 of NW1/4, Section 7.
All Sections 8 and 9; South 60 feet of NE1/4 of Section 18, Township 59 South, Range 36 East.
N1/2 of Tracts 15 and 16, Section 11, Township 56 South, Range 39 East, Dade County, containing 2,375 acres; and
Tracts 4, 7, 54 and 60, Section 25; Tracts 9 and 20, Section 27, Township 47 South, Range 41 East.
All Section 34, Township 45 South, Range 35 East, in Palm Beach County, containing 700 acres.
John W. Henderson, of Tallahassee, Florida, appeared before the Trustees and stated that he and the other heirs of his father, John A. Henderson, deceased, were entitled to a deed of conveyance to the following lands:

- E½ of SE¼ of Section 20, Township 30 South, Range 20 East, 80 acres;
- NE¼ and N½ of SE¼ of Section 29, Township 30 South, Range 20 East, 240 acres.
- Lots 1, 3 and 4 of Section 10, Township 7 South, Range 29 East, 99.68 acres.

Further stating to the Board that these particular lands had been entered and the agreed price of same charged to the said John A. Henderson, deceased, as State Selecting Agent for swamp and overflowed lands, in payment for such services, and requested that deed be now made to the Henderson heirs for such lands.

The question as to whether or not the said Henderson heirs were entitled to a deed to these lands was referred to J. B. Johnson, Special Counsel for the Trustees, for an opinion. On the 5th day of January, 1925, Special Counsel rendered his opinion as follows:

"Trustees Internal Improvement Fund,
Tallahassee, Florida.
Gentlemen:

In the matter of the application of John W. Henderson on behalf of the heirs of John A. Henderson for deed as follows:

- E½ of SE¼ of Sec. 20 Tp. 30 S. R. 20 E., 80 acres.
- NE¼ and N½ of SE¼ Sec. 29 Tp. 30, S. R. 20, 240 acres.

Lots 1, 3 and 4, Sec. 10 Tp. 7, R. 29, 99.68 acres.

This application for deed is made on the grounds that John A. Henderson entered this land, selecting same on account of his compensation as selecting agent for the State of swamp and overflowed lands, and that the agreed price of the lands was charged against his account for services.

I have made thorough investigation of the
records touching this matter. I find that under entry 13,763 John A. Henderson made entry of the above described lands, together with other lands. I find that the entire acreage under said entry 13,763, including the lands above described was charged against the account of John A. Henderson for services. I find that all the lands unsaid entry, except the above described, were deeded.

The Henderson heirs are entitled to deed to above land.

Yours very truly,

J. B. JOHNSON,
Special Counsel.

Whereupon it was ordered that deed to said lands be executed to the heirs of John A. Henderson, deceased, or to such person as might be designated by them.

Upon motion the Trustees adjourned.

Chairman.

The Secretary presented protests from E. W. Spalding, John M. Sutton, W. E. Moses, Land Scrip & Realty Company, of Washington, D. C., and from Mr. F. M. Hudson of Miami, as to sale of Sections 7 and 8.

After considering the objections the Trustees were of the opinion that they constituted no valid or legal protest to said sale. Whereupon, Mr. Buford presented the following resolution and moved its adoption:

RESOLUTION.

WHEREAS, An agreement has been made by and between the Trustees of the Internal Improvement Fund and R. G. Holgate, wherein and whereby the Trustees of the Internal Improvement Fund did agree to sell and convey whatever title may or might be held by the State of Florida, in any capacity, in and to the following described lands to the said R. to the State Board of Education of the State of Florida, of the sum received from the conveyance herein referred to, a sum equal to $250.00 per acre for that area of said land, the title to which may become vested in the State Board of Education, and shall receive from the State Board of Education a conveyance to said land to the said R. G. Holgate, or to such person as he may designate to receive the said conveyance.

Upon motion the resolution was unanimously adopted.

Mr. Luning moved that the Honorable Commissioner of Agriculture issue deed in fee simple to R. G. Holgate of Dade County, Florida, which motion was seconded and unanimously adopted.

The terms of the deed to be One-fourth cash and One-fourth in One, Two and Three years, with 8 per cent interest on deferred payments. $10,000.00 was paid on the first payment. The balance of said payment to be made on delivery of deeds with 8 per cent interest on said balance from this date to delivery of deed. Mr. G. C. Burns bid $25.00 per acre for Lot 3, Block 4, Section 29, Township 50 South, Range 42 East.
Julian M. Goodwin bid $35.00 per acre for Tracts 11 & 12, Section 14, Township 51 South Range 41 East, Henderson's Subdivision—20 acres.
W. H. Pope bid $15.00 for E1/2 of NE1/4 of NW1/4 of Section 2, Township 49 South, Range 42 East—10 acres.

The Trustees on October 27th, 1924, agreed to sell to J. T. Bruce of Grand Rapids, Michigan, the moss in Santa Fe Lake, lying in Alachua, Bradford and Clay counties, contract and bond to be executed for the sale of said moss by February 1, 1925. Since such action certain protests have been filed with the Trustees to the sale of this moss and the Counsel of the Board advised that the Trustees have no authority to make the sale under present Legislative Acts.

Mr. Luming moved that the action of the Trustees of October 27, 1924, be rescinded. Motion duly seconded and unanimously adopted, and the Secretary was instructed to so advise Mr. Bruce.

Application having been made to the Trustees by the Experiment Station to set aside Fractional Section 30, Township 53 South, Range 41 East, 50 acres, for use of said Experiment Station, and the Trustees having on January 14, 1925 included this land in a sale of 1317.90 acres in Dade County, it being necessary to include this 50 acres with the contiguous acreage to make such sale, they were of the opinion that they had no authority to set aside said land for use of said Experiment Station.

The salary of the Secretary to the Trustees was fixed at $2600.00 per year; the Tax Clerk at $2200.00 per year and F. A. Blitch and Mrs. Carrie Ervin fixed at $1200.00 per year, effective January 1, 1925.

Mr. Johnson of Pensacola appeared before the Trustees and stated that he was desirous of purchasing approximately 30 acres of submerged lands near Pensacola and that he would offer the sum of $5.00 per acre for same. The Trustees advised Mr. Johnson that they would not accept that price for the land or have an investigation made of same. Whereupon, Mr. Johnson offered to defray the expenses of the investigation if the Trustees would send the Field Agent to investigate the value of the property. This the Trustees agreed to do and Mr. Richardson, Field Agent, was instructed to make such investigation as early as possible and report to the Trustees.

The Trustees recessed to meet at 11 o'clock A. M. February 4th, 1925.

February 4th—11 o'clock A. M.

The Trustees met pursuant to recessed meeting of February 3rd.

Application was made by Mr. L. W. Jennings of Okeechobee in behalf of squatters on Eagle Bay to purchase lands on which they are located.

Upon motion, duly adopted, it was agreed to sell the lands to parties living on same, who, in the judgment of the Trustees, were entitled to purchase, at a price of $35.00 per acre. Terms One-fourth cash and balance in One, Two and Three years with 8 per cent interest on deferred payments.

Mr. J. B. Johnson, Special Counsel, stated that the Lake Worth Drainage District had, by Decree of Court, sold all lands upon which said District taxes had not been
paid, and, as a number of tracts were lands, title to which had vested in the Trustees, on which the Trustees were indebted for Lake Worth Drainage District taxes, the said District would be willing to redeem the Certificates of the Trustees, or have the Trustees pay Lake Worth Drainage District Taxes on all lands so held by the Trustees.

Upon motion, duly adopted, it was agreed that the Trustees would be willing to allow Lake Worth Drainage District to redeem all outstanding Certificates of the Trustees on lands in said District, and Mr. Johnson was requested to so advise said District.

The Tax Clerk was instructed to make up a list of all such Certified lands of the Trustees.

The Field Agent made a report on lands in Townships 50 and 51 South, Range 41 East; also lands on Key Largo, and stated that developments proposed, and that being made in those localities, would enhance the value of the property, and recommended that same be withdrawn from sale. Mr. Luning moved that the lands as above mentioned be taken off the market. Seconded by Mr. Buford and upon vote adopted.

The Trustees having sold to Mr. R. A. Hornton of Ft. Lauderdale, Lots 11 and 12, Block 4, Section 31, Township 50 South, Range 42 East, containing 20 acres in Dade County, Florida, Mr. Hornton requested that he be allowed to withdraw his bid on these Lots and that deed be issued to him for Lots 1 and 2, Block 1, Section 32, Township 50 South, Range 42 East. Upon motion duly seconded and adopted it was ordered that Lots mentioned by Mr. Hornton be eliminated and deed be issued to the latter Lots in Section 32, Township 50 South, Range 42 East. Deed to be dated January 12, 1925.

Mr. Luning made a motion that employees needing supplies be required to make their requisitions in writing to the Secretary and that he secure bids on same and present to the Trustees for their action.

Mr. Luning introduced the following Resolution and moved its adoption:
RESOLUTION.

WHEREAS, By reason of the fact that the Field Agent, employed by the Trustees of the Internal Improvement Fund to investigate and report upon conditions and prices of lands owned by the Trustees, finds it necessary at times to visit isolated localities, and it being considered advisable by the Trustees that an automobile could be used to advantage, and as a matter of economy in making such investigations, and it being deemed economical for the Trustees to procure and furnish for said Field Agent an automobile, maintaining the expenses of same; Therefore,

BE IT RESOLVED, That the Trustees of the Internal Improvement Fund purchase a Ford Coupe for the use of the Field Agent for use in his work, leaving it to his discretion as to times when it will be advisable and economical to use railroad transportation; that he be required to take receipts for all gasoline, oils, repairs, etc., required in using and maintaining said automobile, and also obtain receipts for all expenses incurred by him, including hotel bills, and that at the end of each month his bill of expenses, with receipts attached, be filed with the Secretary for payment by the Trustees.

BE IT FURTHER RESOLVED that the Chairman of this Board appoint a committee of one to purchase said Ford Coupe for the use of said Representative of the Trustees and present bill for same to the Trustees for payment. Whereupon the Chairman appointed Hon. Rivers Buford, Attorney General, as a Committee to purchase said Car.

Upon vote the Resolution was adopted.

Honorable John Bryan, member of Board of County Commissioners of Broward County, appeared before the Board of Commissioners of Everglades Drainage District and the Trustees of the Internal Improvement Fund on behalf of said Board of County Commissioners of Broward County, and made the following request:
1. That the Board of Commissioners of Everglades Drainage District and the Trustees of the Internal Improvement Fund grant permission to the Board of County Commissioners of Broward County to construct a county road along the South bank of South New River Canal from Davie to the junction of the said canal with Miami Canal.

2. That the Board of Commissioners of Everglades Drainage District and the Trustees of the Internal Improvement Fund grant to Broward County a right-of-way along the North side of South New River Canal and issue a permit to said county for constructing a county road along the North side of said North New River Canal from the Davie Bridge West to West boundary of Section 28 in Township 50 South, Range 40 East.

The conditions under which the county proposes to construct the above road were explained by Mr. Bryan and after a discussion of the subject the following RESOLUTION was adopted:

RESOLUTION.

WHEREAS, The Trustees of the Internal Improvement Fund did on July 8th, 1915, enter into agreement with the Board of County Commissioners of Dade County, Florida, by which agreement the Trustees granted a right-of-way and assented to the construction of a county road along the North bank of Miami Canal and the South bank of South New River Canal, in accordance with certain conditions named in said agreement, and

BE IT RESOLVED, That the Trustees of the Internal Improvement Fund hereby grant to the Board of County Commissioners of Broward County right to occupy for road purposes a strip of land owned by them or upon the right-of-way of South New River Canal on the North side of the said Canal, the South side of said right-of-way being at a distance of 60 ft. from the edge of the said canal and extending to the North line of said right-of-way, the North line of said Canal right-of-way being 130 ft. Mr. Arthur O. Henderson of No. 625 Brook Building, Detroit, Michigan, appeared before the Trustees and stated that he wanted to purchase for development approximately 8000 acres of submerged lands located in Townships 55 and 56 South, Range 42 East, Dade County, between Key Biscayne and Ragged Key and made an offer of $50.00 an acre for an area of 8,000 acres. He also advised the Trustees that a great portion of this land was over five feet in depth at high tide.

After discussion the Trustees agreed to sell the land to Mr. Henderson at $100.00 per acre on terms of $100,000.00 on delivery of deed; $100,000.00 payable in six months thereafter; $200,000.00 payable two years thereafter, and $200,000.00 payable three years thereafter, with 8 per cent interest on deferred payments.

Mr. Henderson advised the Trustees that the price set on this land was double what he and associates expected to pay for same, but that he would consider the proposition. The Trustees agreed to have their Field Agent examine the land and when report was made the matter could be further considered.

The Trustees having on November 15, 1923, agreed to have certain lands in Township 38 South, Range 35 East, surveyed and to give parties living thereon the right to purchase when surveyed at a price to be agreed upon, and Mr. B. L. Jennings being present requested that the land be deeded to three trustees and by them deeded to the various applicants. Whereupon, the following conveyance was made and executed by the Trustees of the Internal Improvement Fund:

Representatives of Mr. I. M. Hirshfeld, who had made application for permit to mine certain minerals from sand along the Atlantic Ocean Beach from the St. Johns River Jetties to St. Augustine, appeared before the Trustees and requested that they execute said permit or agreement.

The Trustees, at a meeting held on April 7th, requested the Governor to visit Duval County and make a report and recommendation as to the mining of said sand. The following report by the Governor was made:

Tallahassee, Florida, April 14, 1925.

To the Honorable Board of the Internal Improvement Fund in Session:

Gentlemen:

Pursuant to the action taken by this Board at its last meeting, referring to the Governor the question of investi-
gating FINALLY the wisdom of entering into contract with one Mr. I. M. Hirshfeld and associates, whereby these parties would be granted under certain terms and for consideration the privilege of mining the Ocean Beach from St. Augustine to the Jetties, beg to report that after a full and thorough investigation of the entire matter I am of the opinion that it would be a mistake to grant the concession and, therefore, recommend that the contract be not signed.

I believe that it would be a serious mistake for the State to permit mining operations along any of its beaches. Florida’s beaches are unexcelled anywhere. They are among the State’s greatest attractions and should not be exploited or tampered with. It is the part of good sense not to run the risk of impairing these natural boulevards of the people. I am opposed to the whole proposition.

I would go further: I am reliably informed that a certain company has been for sometime and is at present engaged in mining minerals along the beach near Pablo, employing large caterpillar tractors in carrying on its operations. I would recommend that the Field Agent of the Trustees be sent to the scene of operation for the purpose of making a complete investigation, he to report to this Board the facts as he finds them. If it is true that State lands are being trespassed upon, I recommend that legal action be promptly taken to recover damages and to put an end to such unlawful acts. I am, by letter, directing the Sheriff of Duval County to permit no one to mine these beaches over which the State has control.

GOVERNOR’S RECOMMENDATION APPROVED.

The Governor asks that his recommendation be approved and that Mr. Hirshfeld be notified by wire that the Board had declined to take the final step consummating the contract.

His recommendations were unanimously approved by the Trustees.

The Trustees having offered for sale on March 9th three small tracts of submerged land in Clearwater Bay abutting the shore property of R. T. Markley and J. K. Cass, agreed to sell same for the sum of $100.00 per acre,
Provided, no legal protests were filed against the sale. The Chairman advised that the Trustees would issue quit-claim deeds to Tracts 1, 2 and 3, as advertised.

Mr. Frank J. Booth, Mayor of Clearwater, and Mr. B. Kilgore, verbally protested to the sale on the ground that the City of Clearwater desired to build a boulevard 250 feet along the shore line.

After consideration the protest was held by the Trustees not to be a legal objection, and the land having been advertised as required by law, in the Clearwater Evening Sun, a newspaper published in the County in which the land lies, and affidavit of such publication filed with the Trustees, Tracts 1 and 3 containing 5.53 acres were sold to R. T. Markley at $100.00 per acre, and Tract 2, containing 4.66 acres, was sold to J. K. Cass at $100.00 per acre. Deeds were ordered issued to above parties.

Mr. R. E. Kurtz appeared before the Trustees and filed application in behalf of Moore Haven to purchase all low land owned by the Trustees within the City limits; also filed application to purchase the lands in Townships 39 and 40 South, Range 33 East, and Township 40 South, Range 32 East, on which squatters are located. The same was referred to Mr. A. R. Richardson, Field Agent, to investigate and report.

Mr. Gregor McLean of Clearwater was employed as Field Agent, effective May 15th, 1925, at a salary of $200.00 per month.

A letter was received from Ernest E. Mitchell of Ft. Myers, to whom the Trustees granted permission to erect a shed on Sovereignty land off Punta Rassa June 28, 1923, in which he states that one Jum Carson had destroyed the shed built by the colored people and claimed possession of the property. The matter was referred to the Special Counsel with request that he investigate and take such legal steps as was necessary to remove Mr. Carson.

Messrs. Shutts & Bowen, Attorneys for Mr. S. R. Inch, made application for a lease to the oil and mineral rights on certain lands heretofore purchased from the Trustees.

Upon vote the Trustees agreed to issue such a lease to Mr. Inch.

The following Resolution was introduced by Mr. Luning, who moved its adoption:

RESOLUTION.

BE IT RESOLVED, That in the future any prices that may have been received for any land purchased from the Trustees of the Internal Improvement Fund shall not be considered as having any bearing on price to be placed upon lands for which application may be made in the future, but any land so applied for shall be considered and priced solely upon present conditions and prices at the time such application is made.

Upon vote the Resolution was adopted.

The Trustees ordered a survey to be made of the lands sold by them to Lindrose, Jensen, Osborne and Lewis, same being an island in Pelican Lake Slough, Section 19, Township 42 South, Range 37 East, and Mr. Elliott, Chief Drainage Engineer of the Drainage Board be directed to make such survey as soon as possible.

Mr. J. R. Poland, representing fifty or more land owners along the shore of Lake Okeechobee near Lake Port, who had purchased their holdings from the Southern States Land & Timber Company, stated that the owners claimed the water front, while the Trustees claimed it as lake bottom or sovereignty land, and that while he was of the opinion the Trustees had no title, his clients were willing to pay a reasonable compensation for same rather than enter into litigation. Mr. Poland requested that a price be placed on the land.
The Trustees stated that as soon as the Legislature adjourned they would make a visit to the Everglades and at that time confer with the land owners, investigate conditions and advise as to their decision relative to same.

Mr. Cyril Baldwin made application to purchase Fractional Sections 28, 33 and 34 of Township 40 South, Range 23 East, of Charlotte County and offered $27.50 per acre for same. Mr. Baldwin was advised by the Trustees that they would have Mr. Richardson, Field Agent investigate the same and would, upon such report, advise him if his offer of $27.50 per acre would be accepted.

Mr. R. J. Johnson, Jr., of West Palm Beach, appeared before the Trustees and asked that they advertise certain submerged lands near Stuart, (St. Lucie Inlet) containing approximately 50 acres, for sale.

The Trustees advised Mr. Johnson that if he would agree to bid not less than $100.00 per acre for same, they would have the Field Agent make an investigation, and, if after such investigation they considered the price satisfactory they would advertise the land for sale subject to competitive bids. Mr. Johnson stated he would advise the Trustees in a few days as to his decision.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Rivers Buford, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

Mr. Barron Collier appeared before the Trustees and showed that he is the owner of or controls approximately ninety per centum of all lands in Township 52 South, Range 26 East, Collier County, Florida; that although a survey has been made of said Township and has been approved by the Surveyor General some question is made by other parties as to an excess of lands in said Township or the accuracy of said survey; that he and his predecessors in title have owned a greater portion of said lands for approximately thirty years; that although an order has been made by the President of the United States undertaking to withdraw all costal lands from entry or sale, it has become important to said Collier to put at rest the questioning of his said titles; that, in the event of a resurvey, should it develop that any excess lands exist, or that the present survey is inaccurate and there are lands to which the State of Florida might be entitled under the “Swamp and Overflowed Land Act,” or otherwise, or to which the Trustees would be otherwise entitled, that he desires to purchase or acquire any and all such lands.

Mr. Collier thereupon proposed that as the owner of a majority of the lands in said Township he would undertake, at his own expense, to procure a resurvey of said Township on the condition and with the agreement that this Board would sell and convey to him or his nominees any and all lands owned or controlled by it, or to which it would succeed or be entitled by virtue of said resurvey and under said “Swamp and Overflowed Land Act” or otherwise, as submerged, swamp and overflowed, or other land, and would pay therefor upon conveyance being made to him or his nominees the sum of Twenty Thousand Dollars ($20,000.00).
Upon motion of Mr. Amos, seconded by Mr. Mayo, the foregoing proposition was unanimously agreed to by the Trustees.

The Trustees having advertised certain land for sale on this date, the following sales were made:

LEE COUNTY.

Land in the NW1/4 of SW1/4 of Section 27, Township 45 South, Range 35 East, 400 feet North of North point of Lot 2, 3.81 acres. The highest bid was $1,000.00 per acre by Mr. R. J. Tygert, which bid was accepted.

Land in S1/2 of S1/2 of Section 28 and in NW1/4 of Section 33, Township 45 South, Range 23 East, 23.85. Mr. R. A. Henderson bid $450.00 per acre for the Florida Holding Company, which was accepted.

PINELLAS COUNTY.

Land in Section 29, Township 31 South, Range 17 East, 8 acres, was sold to Mr. Jack V. Lund at $100.00 per acre, as previously agreed upon, no objections having been filed against said sale.

Land in Boca Ceiga Bay, in Township 31 South, Range 15 East, was sold to Frank F. Pulver. Protests from the City of St. Petersburg were filed and after considering the same the Trustees were of the opinion that said protests did not constitute legal objections and deed was ordered issued to Mr. Pulver at $100.00 per acre, as heretofore agreed.

Land in Clearwater Bay in Section 27, Township 28, Range 18 East, was sold to M. W. Moore of Dunedin for $100.00 per acre, as formerly agreed by the Trustees, no objections having been filed.

SARASOTA COUNTY.

The islands in Little Sarasota Bay in Sections 7 and 18, Township 37 South, Range 18 East. Protests were filed by C. W. Matheny as attorney for Virginia Z. and Minna
W. Matheny, the upland owners, claiming that no islands existed in said Sections, but the land was mud flats or bottom land. Also protest by Mr. Carter, Attorney for The Phillippe-Venetian Islands, Inc., who are also upland owners, and the same showing made as by C. W. Matheny. After considering the protests the Trustees decided to take the matter under advisement and postpone sale for future action.

All the aforesaid lands were advertised as required by law and affidavits of publication filed with the Trustees.

Mr. W. C. Baggett made application to purchase certain land in Township 34 South, Range 40 East, St. Lucie County and the following Notice was ordered placed in the News-Tribune, a newspaper published in the county in which the lands lie:

NOTICE.

The following letter from the Wallis Engineering Company was read and ordered placed of record:

Tallahassee, Florida, August 8, 1925.

Trustees of the Internal Improvement Fund of Florida.
Capitol.

Gentlemen:
Application is hereby made on behalf of the above Company to serve as Agent of the Trustees of the Internal Improvement Fund in executing surveys of State Lands subject to sale.
The undersigned offers the following plan to be used in making such surveys:

Each survey shall be billed separately on the basis of cost plus Twenty-Five Dollars ($25.00) per day, which cost shall be charged against the purchaser of the land in question, but shall be paid by the Trustees monthly. The survey to include plat of the land with satisfactory tie to the Government or State surveys and full information disclosing the amount of land subject to sale under the classification of swamp and overflowed, submerged or sovereignty lands. Legal description to be given in all cases where the conditions of sale permit, without recourse to the decision of the Trustees.

The Wallis Engineering Company to furnish all equipment, material, supplies and labor necessary in the survey. It is desired that such surveys be made as Agent and in the interest of the Trustees, rather than the purchaser, and to that end the Wallis Engineering Company will receive instructions and return all survey notes and data direct to the Trustees.

A drawing account representing the cost of one month’s work is requested to finance such work prior to payment at the end of the month.

An opportunity to discuss further details and final arrangements before the Trustees is requested.

Respectfully submitted,

W. T. WALLIS, Jr.,

After discussion with Mr. Wallis, President of the Company, Mr. Buford moved that the Trustees accept the proposition of the Wallis Engineering Company. Seconded by Mr. Luning and upon vote adopted.

Mr. H. Edgar Barnes, representing Pennsylvania Sugar Company, appeared before the Trustees and explained that in 1914 the Trustees of the Internal Improvement Fund entered into a contract with one E. C. Chambers, whereby the Trustees agreed to sell at a stated price certain sections of land, title to which was then vested in the Trustees, to the said E. C. Chambers, which contract was duly recorded. That afterwards the said E. C. Chambers procured the organization of a corporation under the name of Modern Land Company and transferred and assigned all his right, title and interest in, to and under the aforesaid contract with the Trustees to said Modern Land Company. In 1920 E. C. Chambers and Trustees of the Internal Improvement Fund entered into an agreement whereby E. C. Chambers released certain lands embraced in the original contract to the Trustees of the Internal Improvement Fund and the Trustees of the Internal Improvement Fund in consideration of this release and other considerations conveyed and executed deed to E. C. Chambers embracing the remainder of the lands embraced in the original contract. That at the time of this transaction, the conveyance by Chambers to Modern Land Company was entirely overlooked and that thereafter the Trustees sold and conveyed to Pennsylvania Sugar Company certain land in Dade County, Florida, and in this sale and conveyance there were embraced Five (5) Sections of land which were embraced in the original contract between the Trustees and Chambers and embraced in the assignment of Chambers to Modern Land Company, and embraced in the release of Chambers to Trustees of the Internal Improvement Fund, but there has not been any release or conveyance from Modern Land Company and the assignment by Chambers to such Company creates a cloud upon the title of Pennsylvania Sugar Company.

THEREUPON, Mr. Buford requested the Board to make an order directing that Counsel for the Trustees, together with Counsel for Pennsylvania Sugar Company, proceed to file such proceedings in Court and to take such legal action as may be necessary to clear the title to said lands
of such cloud, which request was granted, and Counsel was
directed to proceed with necessary action in the premises.

The Trustees having at a recent meeting passed a Reso-
lution relative to release of lands from mortgage, amended
the resolution to read as follows:

RESOLUTION.

RESOLVED, That the Trustees will grant releases of
land sold by them in tracts of forty acres, or multiples
thereof, in a contiguous body, upon payment of the propor-
tionate purchase price of the land so released, plus twenty-
five per cent. Amount above purchase price to be credited
on the last payment due the Trustees, and the balance paid
for such release shall be credited on the first payments due
the Trustees.

Mr. B. Louis Burke of Clarendon Hotel, Daytona
Beach, Florida, made application on September 15th, 1925, to pur-
chase lands in Section 16, Townships 33 and 34, in the
Halifax River, and the Trustees having had their Field
Agent examine and report on same, agreed to advertise
this land for competitive bids, provided Mr. Burke would
agree to bid not less than $100.00 per acre for the sub-
merged land and $200.00 per acre for the high land.
Mr. Burke accepted these terms and the land was ordered
advertised.

Mr. Hughes of New Smyrna, who with his associate, Mr.
Wooster, appeared before the Trustees on September 15th,
relative to Mill Island in the Halifax River, was before the
Board again. Mr. Byrd, Field Agent, having made report
the Board advised Mr. Hughes that they would advertise
the land for objections and highest bid if he would bid not
less than $200.00 per acre on date of sale. Mr. Hughes
agreed to this and the following advertisement was ordered
placed in the DeLand Daily News; the first description to
applied for by Messrs. Hughes and Wooster and the second
description to apply to lands applied for by Mr. B. Louis
Burke:

Tallahassee, Florida, November 3, 1925.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
J. C. Luning, Treasurer.
Rivers Buford, Attorney General.
Nathan Mayo, Commissioner of Agriculture.
The Trustees having advertised certain land in Charlotte County in the Punta Gorda Herald, a newspaper published at the County Seat of the County in which said lands lie, as required by law, and affidavit of publication filed with the Trustees, objections were asked for.

Mr. J. S. Murrhee filed protest to the sale of that portion in Section 28, Township 40 South, Range 23 East, claiming that he was the owner of said property.

After discussion it was decided to postpone the sale and the Land Clerk was instructed to investigate the title and report back to the Trustees his findings.

The Islands and adjacent shallow flats in the Mouth of Peace River, located in the NE1/4 of Section 33 and NW1/4 of Section 34, Township 40 South, Range 23 East, having been advertised in the Punta Gorda Herald as required by law, and affidavit filed with the Trustees, were offered for sale.

Hon. Albert W. Gilchrist filed protest to said sale, claiming ownership, and being present made verbal protest.

The Trustees referred the matter to Mr. Richardson, Field Agent, to investigate, and sale was deferred to a later date, when Mr. J. S. Darse of Punta Gorda and Hon. Albert W. Gilchrist, would be advised and given opportunity to appear before the Board to make bid, and hear their decision as to report of Field Agent.

Judge W. J. Oven, of Tallahassee, appeared before the Trustees relative to securing Right-of-way for Seaboard Air Line Railway through Lake Osborne.

The Trustees advised Judge Oven that they were favorable to granting the request, but would refer same to the Chief Drainage Engineer of the Drainage Board for report as to what effect such right-of-way would have on the Drainage operations in the District.

The Trustees were advised by Mr. Vroman Mason, of Madison, Wisconsin, that Mr. D. C. Harris had assigned his interest under contract between the Trustees and the said Harris, for the taking of moss from the Dead Lakes of Calhoun County, said contract dated June 1, 1924, to the Burgess Company of Florida.
The Assignment was satisfactory to the Trustees and Mr. Johnson, Counsel, was advised to see that papers were properly executed and bond furnished by Burgess Company as heretofore furnished by Mr. Harris.

Mr. Lipscomb, representing the Jefferson Construction Company, applied for permit to take sand and gravel from the Apalachicola and Chattahoochee Rivers, from Blountstown to the State Line between Alabama and Florida.

Mr. Lipscomb was advised that a permit would be granted his Company to take sand and gravel from said Rivers, but no definite permit as to territory would be issued until a conference could be held with the Florida Gravel Company, now removing sand and gravel from Apalachicola River, and the matter was referred to Mr. Johnson, Special Counsel.

The Secretary submitted the following Report:

The Trustees of the Internal Improvement Fund met on this date in office of the Governor at the Capitol.
Present:

John W. Martin, Governor.
J. C. Luning, Treasurer.
Rivers Buford, Attorney General.

The State Treasurer presented a communication from F. M. Valz, President of the Kretex Realty Company, advising that he, as President of said Company, was attaching to his communication a deed from said Company to the Trustees of the Internal Improvement Fund, conveying Section 31, Township 43 South, Range 39 East, containing 640 acres, and that this deed was executed and forwarded in compliance with an agreement entered into by the Trustees and the President of the Company, whereby the Trustees would refund the amount paid them on account of the purchase of said land, in view of the fact that it had developed, after its purchase, that said land did not front on what is known as the Cross Canal, connecting the West Palm Beach and Hillsborough Canals, but there was a Hiatus between said land and said Canal and the road along the bank of said Canal.

The Trustees ordered that the Deed be referred to J. B. Johnson, Counsel for the Trustees, and directed the Treasurer of the Trustees to refund to Mr. Valz, the President of said Company, the amount of money paid by the Company on the purchase price of said land, upon notice that a proper reconveyance had been made of said land from the Company to the Trustees.

Also directing the Secretary to furnish the Treasurer with a certified copy of the proceedings of this meeting.

Upon motion the Trustees adjourned.

The following letter from S. Davies Warfield, President of the Seaboard Air Line Railway Company, was presented by W. L. Stanley, Vice-President of the Seaboard All-Florida Railway:

"Baltimore, Md., November 7, 1925.

The Internal Improvement Board,
Tallahassee, Florida.

Gentlemen:

The Seaboard Air Line Railway presents comprehensive plans for the development of Miami harbor. In the study of harbor conditions at Miami, we have associated with us Mr. Bancroft Hill, of Baltimore, who has had large experience in these matters.

The Seaboard Air Line has been unable to secure adequate freight terminal and yard facilities in Miami. In this situation it has been compelled to locate its breakup yards about six miles from the waterfront. The main freight station is at Seventh Avenue and Twentieth Street, the facilities of which will be inadequate to take care of the future business of Miami. It therefore became necessary that this railroad apply to the city authorities for facilities on the City docks. The City Manager has endeavored to do everything possible to give this railroad the necessary space; this has not been found possible and even though the City would be able to give a limited space to the Seaboard Air Line it would only be through temporary lease without any guarantee to the railroad whatsoever, and the little space that might be allotted would only be on a year-to-year basis. This condition of affairs is more serious perhaps to the commercial and manufacturing interest of Miami than to the railroad itself. The City has been most co-operative in every way and has agreed to extend the
Municipal railroad from its present western terminus to the proposed freight depot at Seventh Avenue.

Under these conditions the railroad was compelled to look about for not only waterfront space but for storage, including car storage, to take care of its present business and with the view of having the layout sufficiently extensive to meet the future demands of a rapidly growing port such as Miami.

We submit the result of our investigations and deliberations in two layouts: No. 1 designated as Marginal Wharf type; No. 2, Projecting Pier type.

The blueprints will in themselves show the layout, which when fully completed will cover 260 acres of present submerged lands lying contiguous to the causeway leading from Miami to Miami Beach. It is the purpose to lay out these terminals for development by sections, and it is the further purpose to provide extensive breakup yards in connection with these terminals to enable the Seaboard Air Line to take care of its traffic within reasonable proximity of the business district of Miami.

It is pointed out that neither one of the plans proposed will interfere with the look out from Miami as much as an extension of the existing docks or development on the north causeway.

Plan No. 1—Marginal Wharf type—contemplated widening the existing channel to 1,000 feet, more or less; this width is desirable to enable an ocean liner to completely turn in the channel. Plan No. 1 contemplates a channel on both the north and south side of the terminal. Plan No. 1 requires a drawbridge in the causeway connecting the terminals with the City. Plan No. 1 has ultimate docking facilities for approximately fifty ocean-going vessels.

Plan No. 2—Projecting Pier type—contemplates no channel to the north, the channel being to the south side of the docks. These docks would run within 100 feet of the existing causeway, this 100-foot strip being left for parking or beautifying purposes. Plan No. 2 will not require a drawbridge in the causeway connecting the docks with the city, the purpose is to construct a causeway alongside of the existing causeway of suitable dimensions for sufficient tracks to be laid from the city to the docks; the effect of this would be the widening of the existing causeway without conflicting therewith. Plan No. 2 has docking facilities for approximately seventy ocean-going vessels.
It is not our purpose to suggest at this time which of the two types of development we would recommend. This would depend somewhat upon our relations with the City of Miami in respect to the Seaboard’s proposed port development.

The purpose of the Seaboard Air Line Railway has been and is to co-operate in every manner with the City Authorities in the development of Miami’s port facilities and it was in view of this that we have undertaken comprehensive plans for the development of Miami’s harbor. It is the purpose of the Seaboard Air Line Railway upon securing the property proposed under either of the plans submitted to confer with the City authorities of Miami with the view of working out the most advantageous plan for the protection of both interests—the City and the railroad.

Yours very truly,

S. DAVIES WARFIELD, President.

P. S.—The Railway proposes to offer to co-operate with the City of Miami in the use and development of these facilities.

And the following letter and petition from W. L. Stanley, Vice-President of the Seaboard All-Florida Railway, was presented to the Trustees:

Tallahassee, Florida, November 13, 1925.

To the Honorable Trustees of the Internal Improvement Fund,
Tallahassee, Florida.

Gentlemen:

Now comes the Seaboard All-Florida Railway and submits that it has this day filed with the Secretary of State its location of and for certain terminal facilities in Biscayne Bay, Dade County, Florida, at and in the city of Miami. That a copy of said location so filed with the Secretary of State of the State of Florida pursuant to Section 4356, Revised General Statutes of Florida, as amended by Chapter 9291, Acts of 1923, and a copy of the plat thereto attached is all hereto attached and made a part hereof by reference.
The premises considered, the Seaboard All-Florida Railway respectfully asks the approval of your honorable body of such location and of the area covered thereby.

Respectfully submitted,

SEABOARD ALL-FLORIDA RAILWAY.

By W. L. STANLEY, Vice-President.

Tallahassee, Florida, November 13, 1925.

To All to Whom These Presents May Come, Greeting:

Now comes the Seaboard-All-Florida Railway and files in the office of the Secretary of State, pursuant to Section 4356, Revised General Statutes (as amended by Chapter 9291, Acts of 1923), a map or plan of the area of land and of water or either intended to be used and occupied by it for the use of itself as a railroad as and for space thereon for depots, yards and terminals, switches and storehouses sufficient for ample room for docks, wharves, elevators, berth for ships, ware and store houses, tracks, switches, and all required facilities for the reception, retention, transfer, and forwarding of commerce into and out of the City of Miami or to the Railway of said Seaboard All-Florida Railway, such lands and/or water being certain submerged lands in Biscayne Bay, Dade County, Florida, as per map or plat attached hereto of portions of the City of Miami, Biscayne Bay, and Miami Beach, the part thereof so sought to be taken and used being marked in red, and connecting on the shore in the City of Miami with the right-of-way of said Seaboard All-Florida Railway, or with the tracks of any other railroad over which said Seaboard All-Florida Railway has trackage or traffic rights, acquired or hereafter to be acquired, and being a tract or strip 2,050 feet in width and 9,600 feet in length lying adjacent to the channel immediately on the south side of the causeway connecting the City of Miami with the City of Miami Beach, and just south of said channel and beginning opposite said causeway just east of where the same turns in its course from approximately south to approximately southeast and extending thence southeastwardly along the southern line of the channel and parallel with said causeway 9,600 feet, thence southwesterly at right angles 2,050 feet to a channel now used by the Florida East Coast Railway, thence in a generally northwest direction parallel with
said causeway 9,600 feet, thence at right angles northeasterly back towards said causeway 2,050 feet to the point or place of beginning, and containing 485 acres more or less; and also a parcel of quadrilateral outline, bounded and described as follows: Beginning at that same point of beginning as for the first described parcel and thence southwesterly 2,050 feet along the northwesterly end of the said parcel; thence northwesterly about 1,800 feet to the end of the 130-feet strip described below; thence 130 feet across the end of the said strip; thence about 1,600 feet to the point or place of beginning; together with a strip 130 feet in width extending from the out-shore end of the municipal pier to the second parcel heretofore described, in a south-easterly direction, substantially as shown on the accompanying plat; all being shown on said blueprint attached and, it being understood that of the 2,050 feet width of space, not less than 600 feet thereof lying either on the north or the south part of said 2,050 feet of space, or partly on each side thereof, shall be developed, used and devoted to the use of and as a channel or channels for the purpose of maritime commerce handled through and upon said terminal facilities and passing by said terminal facilities from, to or between the City of Miami and the City of Miami Beach and other points and places as well.

RESOLVED FURTHER that it is expressly understood between the Trustees of the Internal Improvement Fund of Florida and the Seaboard All-Florida Railway that this allotment of dock land and terminal facilities in Biscayne Bay shall not be concluded by these premises until the conditions precedent, as set forth, with the City of Miami, be concluded agreeably to all parties concerned; and that failing to so agree the Trustees of the Internal Improvement Fund of Florida in no wise waive their right, under the law, to hear and settle the amount of acreage or area to be allowed the Seaboard All-Florida Railway for dock and terminal facilities until the expiration of a term of two years, as above referred to.

Those voting for the resolution were:

The Trustees considered the sale of submerged mangrove island or shallow flat in South Jupiter Narrows, called Corslet Island, in Section 10, Township 29 South, Range 42 East, containing 35 acres, in Martin County, which land had been legally advertised for sale on this date for competitive bids and objections.

Protests were filed to the sale of said land by the Olympia Improvement Corporation, S. C. Kearly, Vice-President, and the Marjohn Realty Company, Incorporated, which protests set out that they were the upland owners abutting said submerged property. The matter was referred to J. B. Johnson, Counsel for the Trustees, for his opinion as to legal claims of above objectors, and sale was postponed to be considered at a later date.

A partially submerged mud island or shallow flat near Jupiter, Florida, in Section 6, Township 41 South, Range 43 East, containing 6.4 acres, in Palm Beach County, having been advertised as required by law for sale on this date, at competitive bids, was sold to Mr. W. D. Fagan, Jr., at $700.00 per acre. Terms, one-fourth cash and balance in three equal annual payments with 8 per cent interest on deferred payments. Deed ordered issued to Mr. Fagan.

The Trustees having advertised for sale on this date, land in Sections 2, 3, 10 and 11, Township 46 South, Range 22 East, containing 171 acres, in Lee County, for competitive bids, and the advertisement having run as required by law, bids were called for. Mr. J. M. Boring bid $205.00 per acre, and this being the best bid received, the land was sold to him. Terms, one-fourth cash and balance in one, two and three years with 8 per cent interest on deferred payments.

The NW\(\frac{1}{4}\) of SE\(\frac{1}{4}\) of Section 10, Township 28 South, Range 23 East, containing 40.21 acres, in Polk County, was
advertised for sale on this date as required by law, and C. J. Miller having bid $430.00 per acre for same, the land was sold to Mr. Miller on terms of one-fourth cash and balance in three equal annual payments, with 8 per cent interest on deferred payments. The Commissioner of Agriculture was requested to issue deed to Mr. Miller.

The Trustees having legally advertised Lots 5, 6, 7 and 8, Section 24, Township 55 South, Range 40, and Lots 3, 4 and 5, Section 33, Township 56 South, Range 40 East, containing 48.01 acres, in Dade County, for competitive bids and sale on this date, the following bids were received:

Sold to R. G. Holgate, Lots 5, 6, 7 and 8, Section 24, Township 55 South, Range 40 East, at $250.00 per acre.

Mr. Holgate bid on Lots 3, 4, 5, Section 33, Township 56 South, Range 40 East, but P. E. Hickey filed protest to the sale to Mr. Holgate, presenting evidence that he was the upland owner, and making an offer of $250.00 for the land.

After due consideration, the Trustees sustained the protest of Mr. Hickey and accepted his offer of $250.00 per acre for said lots. Deed was ordered issued on terms of one-fourth cash and the balance in three equal annual payments with 8 per cent interest on deferred payments.

The Trustees having on October 6th, 1925, ordered advertised for sale on this date certain lands in Volusia County, Florida, in Township 17 South, Range 34 East—980 acres, applied for by C. M. Louis Burke; the first tract being advertised for objections only, and the two last mentioned tracts being advertised for objections and competitive bids, the said advertisements having run as required by law, the Chairman called for objections, if any, to the sale of the lands.

No objections were filed or presented to the sale of land applied for by Messrs. Rogers and Fuquay, but the sale was deferred to December 29th, 1925.

Objections were filed to the other two tracts by the following:
Dr. Davis Forster, Chairman New Smyrna Inlet District;

The Trustees went into executive session and decided to take all protests under consideration and stated that they would have final hearing and take action on the sale on December 29th, 1925.

The Tampa Northern Railroad Company, by its attorney, W. J. Oven, having made application to purchase certain submerged land adjoining Hookers Point, lying South of the South line of Section 30, Township 29 South, Range 19 East, Hillsborough County; and the Trustees having on October 6th, 1925, agreed to sell the land to the Tampa Northern Railroad Company, same was ordered advertised for objections only, as required by law. No objections being filed on this date, the sale was made and deed ordered.
issued to said Company, upon terms of one-fourth cash and balance in three equal annual payments, with 8 per cent interest on deferred payments.

In compliance with orders of the Trustees on the 6th of October, land lying in Section 4, Township 53 South, Range 42 East—150.4 acres, and approximately 829 acres of submerged flats lying in Sections 8, 17 and 20, Township 53 South, Range 42 East, Dade County, was ordered advertised as required by law for sale on this date.

Protests were filed by Everglades Avenue Causeway Association; Krames Corlett Company; Realty Securities Corporation, and the North Venetian Islands Company.

The North Venetian Islands Company claimed that portion of land advertised for sale had been deeded to them in Deed 17274, dated August 11, 1925, and furthermore, that by resolution dated June 23, 1925, and adopted, the Trustees granted to said Company, or Gamble and Gamble, Incorporated, the right to dredge from Biscayne Bay such material as was necessary to fill such land purchased under Deed No. 17274. They stated that the sale of the aforementioned submerged land would encroach upon said property of aforesaid company and would deprive them of material to make such fills as contemplated by the Company and granted them by above mentioned Resolution; also requested that the Trustees do not make the sale as advertised.

After due consideration of the several objections, the Trustees decided not to make the sale to Mr. Horobin, the applicant for the land.

The State Treasurer was directed and requested to return to Mr. Horobin any moneys paid by him on the purchase price of the said land.

It was further agreed by the Trustees to consider the sale at some future date, when they would be satisfied as to the amount of material necessary to be used by said North Venetian Islands Company, in accordance with resolution of said Trustees dated June 23, 1925.

Lands in Pinellas County in Township 28 South, Range 15 East, having been advertised for sale on this date, being also included in advertisement of land for sale on December 22nd, were withdrawn from sale, to be considered December 22nd, 1925.
Gamble & Gamble, Inc., of Miami, having on October 20th, 1925, made an offer of $350.00 per acre for land in Section 4, Township 53 South, Range 42 East, containing 7.55 acres, and land in Section 20, Township 53 South, Range 42 East, containing 2.34 acres, and the said offer having been accepted, the land was advertised for sale on this date, for objections only, as required by law, and no objections being filed, sale was consummated to Gamble and Gamble, Inc. Deed was ordered issued upon terms of one-fourth cash and balance in one, two and three years with 8 per cent interest on deferred payments.

The Trustees having on October 20th, 1925, ordered advertised certain land in Pinellas County in Township 29 South, Range 15 East, for objections only, and the same having been published in compliance with the law, the land was sold as follows:

Tract B in Section 5, Township 29 South, Range 15 East—31.44 acres, and Tract C in Section 5, Township 29 South, Range 15 East—53.59 acres, sold to Ed. A. Haley at $100.00 per acre.

Tracts 3, 4, 5 and 6, in Township 29 South, Range 15 East, containing 309 acres, sold to L. B. Skinner at $100.00 per acre.

Deeds were ordered issued to Messrs. Haley and Skinner upon terms of one-fourth cash and balance in three equal annual payments with 8 per cent interest on deferred payments.

Attorney General Buford presented the following resolution and moved its adoption:

RESOLUTION.

WHEREAS, On the 30th day of March, 1925, the Trustees of the Internal Improvement Fund of the State of Florida, by Deed No. 17,199 sold and conveyed to G. W. Killian, B. L. Jennings and J. T. Hutto, as trustees for certain parties named in said deed, certain lands in Sections 6, 7, 8, 17, 18 and 19 in Township 38 South, Range 35 East, Okeechobee County, Florida, which will more fully appear by reference to said deed as recorded in the Deed Records of Okeechobee County, Florida, in Deed Book No. 7, page 428, and
WHEREAS, In the sale of said lands it was estimated that there were 2,136.22 acres of what was termed as back lands at $30.00 per acre, and 773.69 acres of marginal lands at $50.00 per acre; and

WHEREAS, At the time of the said sale and conveyance it was agreed and understood that upon an actual survey in the field of the said lands, that the purchasers should pay for the actual acreage as surveyed and ascertained, and that if the acreage was greater than that estimated in the said deed that then the purchasers would pay the same rate per acre for all acreage over and above the estimated acreage; and that if, upon an actual survey in the field, the acreage was found to be less than the acreage estimated in the deed, that then the purchasers would only have to pay for the actual acreage at the rate per acre specified; and

WHEREAS, Since the execution of the said deed an actual survey of the said lands was made and a plat of the said survey approved by the Chief Drainage Engineer of the Drainage Board; and it appears from the said actual survey, as shown by said survey and by the approved plat of said survey, that there were only 2,073.56 acres of back lands and 679.64 acres of marginal lands, making a shortage in the back lands at $30.00 per acre to the amount of 62.36 acres, and a shortage in the marginal lands at $50.00 per acre to the amount of 94.15 acres; and

WHEREAS, At the time of the purchase of the said lands and the execution of the deed therefor, the purchasers paid in cash one-fourth of the purchase price for the estimated acreage, or $25,692.77, and executed notes and mortgages as evidencing the balance, or three-fourths, of the purchase price to be paid in one, two and three years; and

WHEREAS, The amount to be paid for the actual acreage as found by the survey amounts to $6,578.30 less than the amount agreed to be paid upon the estimated acreage as deeded; therefore,

BE IT RESOLVED By the Trustees of the Internal Improvement Fund of the State of Florida, that the Commissioner of Agriculture is hereby ordered and directed to credit each of the three notes executed and delivered to cover the deferred payments in the sum of $1,644.57 each, and to hold the $1,644.57 of the cash payment and to allow same as credit on such payments and releases as the Trustees, grantees in said deed, may desire and direct.
Upon roll call, all voting in the affirmative, the Chair declared the Resolution unanimously adopted.

Messrs. Luning and Mayo, a Committee appointed to investigate the claims, value, etc., and the interest of John M. Sutton in certain islands heretofore applied for by him prior to 1923, stated that they were not familiar with the land, islands, etc., and, upon motion, the Committee was given further time to investigate same and report to the Trustees.

Tallahassee, Florida, December 1, 1925.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
Ernest Amos, Comptroller.
J. C. Luning, Treasurer.
Rivers Buford, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

The Trustees having on October 20, 1925, ordered advertised for sale on this date certain unsurveyed lands near the mouth of the Caloosahatchee River, known as Gales Key, Litts Key, and Edds Key, in Section 5, Township 46 South, Range 23 East, Lee County, and the same having been advertised as required by law in the Fort Myers Press, a newspaper published in the County Seat of the County in which the lands are located, bids were called for.

Mr. G. W. Bingham of West Palm Beach bid $400.00 per acre and this being the highest bid made, was accepted by the Trustees. The Honorable Commissioner of Agriculture was requested to issue deed to Mr. Bingham, upon terms of one-fourth cash and balance in one, two and three years with 8 per cent interest on deferred payments.

Mr. Bingham stated that he was willing to bid $2,500.00 per acre for lands owned by the Trustees in Lake Worth, but that there was no way of determining the acreage, which in his opinion was over one hundred acres.

Mr. Buford moved that the Trustees ascertain their holdings in Lake Worth. Seconded by Mr. Amos and upon vote adopted.
The Secretary was instructed to advise the Wallis Engineering Company to make a survey of Lake Worth and ascertain the acreage the Trustees would be entitled to sell, furnishing plats, etc., upon completion of said survey.

Mr. Mayo, Commissioner of Agriculture, and Land Salesman for the Trustees, was instructed to employ a stenographer to assist in the work in the Land Department for such time as the Trustees may deem necessary to get out deeds and other documents that have accumulated.

Mr. James J. Marshall appeared before the Trustees and stated that they had by Deed No. 17224 dated June 16, 1925, sold to him the W1/2 of NW1/4 of Section 14, Township 55 South, Range 39 East, Dade County, containing 80.55 acres, and that the said land had been conveyed prior to June 16, 1925, by Tax Deed for nonpayment of Southern Drainage District Taxes, and requested the Trustees to convey other lands in lieu thereof.

Whereupon, after considering the value of land sold and land in Section 14, Township 55 South, Range 38 East, it was agreed to convey to said Marshall the NW1/4 of Section 14, Township 55 South, Range 38 East, containing 160 acres, in lieu of lands sold in deed No. 17224, upon quit-claim deed to the Trustees from James J. Marshall for the said lands in Section 14, Township 55 South, Range 39 East.

Mr. W. I. Young of the Miami Islands Corporation appeared before the Trustees and offered to purchase six tracts of submerged land in Biscayne Bay, containing 464.88 acres, and to pay $1,000.00 per acre for same. In addition to the above Mr. Young agreed to construct a Causeway from Miami to Miami Beach at a cost of $1,400,000.00 connecting said tracts with either shore, and upon completion of said Causeway to donate it to the Cities of Miami and Miami Beach and the State Highway Department, as a free Causeway from all tolls.

The Trustees advised Mr. Young that they were not fully advised as to the unsold acreage in Biscayne Bay, but would have the Trustees holdings platted and then be in position to further consider his proposition. Mr. Bu-
ford moved that a Committee of three members, with the Governor as Chairman, be appointed to have a map made and secure such other information as would be necessary for determining the holdings of the Trustees in Biscayne Bay. Motion Seconded and upon vote adopted. Whereupon, the Governor appointed Messrs. Amos and Tuning to serve on the committee with him.

E. R. Smith Realty Company of Tarpon Springs, made application to purchase submerged land in Pinellas County and the Trustees agreed to advertise same for objections only. MINUTES OF INTERNAL IMPROVEMENT FUND

January to June 30, 1926.

Tallahassee, Florida, January 5, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
Ernest Amos, Comptroller.
J. C. Iuming, Treasurer.
J. B. Johnson, Attorney General.

The Trustees having advertised certain land in Charlotte County, as required by law, in Punta Gorda Herald, a newspaper published in the county in which said lands lie, and affidavit of publication filed with the Trustees, objections were called for on the following submerged lands:

Island No. 1. Lying in SE\(\frac{1}{4}\) of Section 22; and SW\(\frac{1}{4}\) of SW\(\frac{1}{4}\) of Section 23; and NW\(\frac{1}{4}\) of NW\(\frac{1}{4}\) of Section 26; and NE\(\frac{1}{4}\) of Section 27, Township 42 South, Range 20 East; Containing 94 acres.

Island No. 2. Lying in S\(\frac{1}{2}\) of NW\(\frac{1}{4}\) and N\(\frac{1}{2}\) of SW\(\frac{1}{4}\) of Section 26; and SE\(\frac{1}{4}\) of NE\(\frac{1}{4}\) and NE\(\frac{1}{4}\) of SE\(\frac{1}{4}\) of Section 27, Township 42 South, Range 20 East. Containing 24 acres.

Mr. Lee Greer presented objections to the sale of Island No. 2, claiming that he had lived on the island a number of years and had offered to purchase same from the Trustees at a price of $500.00.

After investigation and discussion of the objection, the Trustees unanimously decided that there was no legality to same, and the Chairman called for bids.

Mr. Norris McElyea of Miami, who applied for the land, bid $100.00 per acre, and there being no higher bid, the land was sold to Mr. McElyea upon terms of one-fourth cash and
balance in one, two and three years with 8 per cent interest on deferred payments. The Honorable Commissioner of Agriculture was requested to issue deed.

The low or submerged islands and adjacent shallow flats in the Mouth of Peace River, Charlotte County, that were offered for sale, after having omitted from said description protests were filed and action thereon deferred, were again offered for sale, after having omitted from said description that portion located in NE\(^2\) of Section 33, Township 40 South, Range 23 East, containing 60 acres, more or less. The bid of Mr. R. E. Watkins of $160.00 per acre being the best bid received, the land was sold to him and deed ordered issued to 12.20 acres, which was the acreage to be sold.

Mr. A. O. Kanner was appointed Special Counsel for the Trustees and the Board of Commissioners of Everglades Drainage District, at a salary of $6000.00 per annum, payable, one-half by the Trustees and one-half by the Board, effective January 11, 1926.

The following resolution was introduced by Mr. Johnson, who moved its adoption:

RESOLUTION

WHEREAS, It has been brought to the attention of the Trustees of the Internal Improvement Fund that the South Hastings Drainage District, located in Flagler and Putnam Counties, Florida, has filed a Bill of Complaint in the Circuit Court of Flagler County for the purpose of enforcing and foreclosing drainage tax liens on lands in said District; and

WHEREAS, It appears that the Trustees of the Internal Improvement Fund own the Northeast Quarter of Northeast Quarter of Section 20, Township 11 South, Range 28 East, and that there is a drainage tax assessed against said lands for the year 1923 in the sum of Twenty-one Dollars and Eighty Cents ($21.80) and for the year 1924 in the sum of Twenty-seven Dollars and Ninety Cents ($27.90), and it not appearing in and by said suit that there were any taxes assessed against the said described
lands for which lien is sought to be enforced for the years 1921 and 1922;

THEREFORE, RESOLVED, That the Secretary to the Trustees be and he is hereby directed to take up the matter of these drainage taxes and to make settlement for same.

Upon vote the resolution was adopted.

The action of the Trustees on December 22nd, 1925, fixing January 13th, 1926, as a date for hearing on submerged lands in Halifax and Indian Rivers, Volusia County, Florida, was rescinded, and the Secretary instructed to notify interested parties of this action of the Trustees.

The Gasparilla Development Company by their Attorney Mr. Jas. R. Bussey, made application to purchase certain land in Pinellas County, adjoining their upland, and offered $100.00 per acre for same. The Trustees accepted the offer, subject to advertisement for objections, and ordered the following Notice placed in the Clearwater Evening Sun:

The following letter from A. R. Richardson, Field Agent, was read:

"January 5th, 1926.

To the Trustees of the Internal Improvement Fund, Capitol.

Gentlemen:

I have made a preliminary examination of the Coast Line and unsurveyed lands in Monroe County, on the mainland, which lands I have been directed to survey.

The survey to be made will locate the Township and Range lines and a meander of the Coast, and if deemed advisable, later, the Section lines may be run next winter. No attempt will be made to meander each island of the Ten Thousand Island group in this area. When sufficient ground work has been done the island area can be mapped by means of an aerial survey.

The total length of lines to be run is approximately 600 miles at an estimated cost of $60,000.00. This involves approximately 137,500 acres of Trustee lands and approximately 11,000 acres of School land. The cost per acre being approximately 45 cents. The accompanying map shows in red the lines to be surveyed.

This area to be surveyed is inaccessible except by boat and a base for supplies will in all probability be established at Everglades, Collier County. In this connection, I
recommend that a boat of the Cabin Cruiser type be purchased, which is sea-worthy and with accommodations for at least six men. This boat should be not less than fifty (50) feet long, nor more than sixty (60), with a draft of three and one-half \( (3\frac{1}{2}) \) feet. The cost of a new boat of the above type and size would be about $8,500.00 but I think possibly that I can find a suitable boat for considerably less. One small launch of shallow draft with two small skiff boats and one out-board motor will also be necessary.

It will be much more economical to purchase the above equipment than to charter it, and should there be no further need for it, after this work is completed, it could be disposed of to advantage.

Respectfully,

(Signed) A. R. RICHARDSON,
Field Agent.”

Mr. F. C. Elliot, Chief Drainage Engineer, and A. R. Richardson, Field Agent, were appointed to investigate and ascertain the actual cost of equipment necessary to carry out the proposed plan of survey, and report to the Trustees.

Upon motion of Mr. Mayo, seconded by Mr. Johnson, Mrs. Lula Mullikin, now employed by the Trustees, be transferred to the Commissioner of Agriculture’s Department, and Mrs. L. B. Hopkins in the Agricultural Department be transferred to the Land Department of the Trustees at a salary of $1800.00 per annum, and that the salary of Mr. Elgin Bayless, Clerk in the Land Department of the Trustees, be raised to $2700.00 per annum, both effective as of February 1st, 1926.

The Trustees also raised the salaries of Mrs. Carrie Ervin and Edwin White to $125.00 per month, effective February 1, 1926.

Telegrams were read from Civic Bodies of Miami and Coconut Grove against the sale of submerged lands in Biscayne Bay for the purpose of building islands, requesting that a hearing be had at Miami some time to give the people a chance to express their views.

Upon motion duly adopted, it was agreed to make no further sales at present of lands in Biscayne Bay and it
was ordered that objectors be advised that the Governor would appoint a Committee to meet with the Citizens of Miami and vicinity to discuss the matter of such sales. The Secretary was instructed to advise applicants for submerged lands of the action of the Trustees.

A wire was presented from Mr. Geo. W. Gamble of Miami, requesting that the land in Dade County, advertised under date of December 15, 1925, and applied for by Mr. R. A. Stratford upon an offer of $425.00 per acre, be sold to him at this price, provided Mr. Stratford would withdraw his bid. This was satisfactory to the Trustees and Mr. Gamble was so advised.

Gentlemen:

On October 27th certain submerged lands in Boca Ceiga Bay were struck off to Allyn T. Gilbert and associates by the Internal Improvement Board, and ordered advertised for objectors.

Through some confusion in the State Engineers office these lands were not advertised until January 13th, calling for objectors at a meeting on February 16th.

In the meantime the Internal Improvement Board evidently struck off on January 5th some of the same lands, and called for objectors on February 9th.

Thus we have lands advertised under date of January 5th, calling for objectors on February 9th, which are the same lands covered by Tract 'B' of lands struck off to Allyn T. Gilbert and associates on October 27th, but not advertised until January 13th, and calling for objectors on February 16th.

May we not object to the sale on February 9th, and at least have the sale postponed until February 16th on the basis that the February 9th sale covers land previously struck off to Allyn T. Gilbert and associates on October 27th, but not advertised promptly as they should have been?

Yours very truly,

ALLYN T. GILBERT.
Per C. E. Choate."

Mr. Johnson moved that the sale be made to Gasparilla Development Company at $100.00 per acre, and deed be so drafted as not to include any submerged lands which the Trustees agreed to sell Allyn T. Gilbert October 27, 1925, and advertised to be sold on Tuesday, February 16th, 1926, subject to objections.

Mr. Mayo seconded the motion and upon vote same was adopted.

Mr. Johnson introduced the following resolution and moved its adoption:
WHEREAS, S. O. Chase and J. C. Chase have for twenty years past been in possession of Lots Five (5), Six (6) and Seven (7) of Section Nineteen (19), in Township Twenty-three (23) South of Range Twenty-eight (28) East, Orange County, United States Survey, according to the Supplemental Plat thereof approved February 20, 1925, by the Commissioner and Ex-Officio United States General for Florida, having for the same period of time also owned in fee Lots One (1) and Two (2) of said Section according to the original United States Survey, dated July 3, 1849, said Lots One (1) and Two (2) being shown as meander line lots upon said original Survey; and

WHEREAS, Overstreet Investment Company has similarly been in possession of Lots Eight (8), Nine (9) and Ten (10) of said Section according to said Supplemental Plat, and having also similarly owned in fee Lots Three (3) and Four (4) of said Section according to the original Survey, said Lots being also shown as meander line lots upon said original survey; and

WHEREAS, the said Chases and the said Overstreet Investment Company for the past fifteen years have, under their respective deeds, based upon said original Plat, improved and cultivated their said respective Lots Five (5), Six (6), Seven (7), Eight (8), Nine (9) and Ten (10), having been assured on March 15, 1912, by the Commissioner of the General Land Office of the Department of the Interior that their respective titles to the said originally meandered lots extended to Lake Butler; and

WHEREAS, Under the said ruling of the said Commissioner the above named owners have, all these years, believed, and still contend, that their said original titles extend to the said lake and under the protection of the said ruling have expended large sums of money in the improvement and cultivation of the said excess lots; and

WHEREAS, in due course the said excess lots will be patented by the United States either to this Board, the State of Florida, or the Trustees of the Internal Improvement Fund in accordance with the said Supplemental Plat, and this Board is of the opinion that the said upland owners are entitled to equitable treatment from this Board,

NOW, THEREFORE, The premises considered, it is hereby RESOLVED that the said owners have a just claim
for equitable consideration by this Board, and that in order to avoid litigation, and for the purpose of quieting the title of the said owners in the premises, this Board, if and when the said Lots Five (5), Six (6), Seven (7), Eight (8), Nine (9), and Ten (10) are or may be patented to this Board or to the State of Florida for the use of this Board, will, upon the payment to it by the said owners of the sum of Twenty Dollars ($20) per acre cash, execute and deliver its statutory deed to the said owners respectively conveying the said excess lots, the aggregate acreage of the said Six (6) excess lots being One Hundred and One Hundredths (100.01) acres, according to the said Supplemental Plat.

Upon vote, the Resolution was unanimously adopted by those present.

Permits were ordered issued to D. B. Mayo of Ocala, for taking sand from Lake Weir, Marion County, Florida, and to B. W. Kingsley of Orlando, for taking sand from Lake Conway, Orange County, Florida.

Mr. Johnson moved that Mr. Richardson, Field Agent, be directed to visit Lake Dora and other lakes and ascertain the amount of sand excavated for fill purposes.

Motion was adopted.

The Trustees instructed the Chief Drainage Engineer to cause a survey to be made of the lands of Lake Clark and the boundaries of the same to be marked on the ground, and that the Attorneys for the Trustees take such steps as might be necessary to prevent trespass or encroachment upon the land by other parties. The Chief Drainage Engineer advised that a part of these lands were at present occupied by the City of West Palm Beach with its Tourist Camp and with a garden or plant nursery conducted by the city.
George Gandy, Jr., made application to purchase land in Hillsboro and Pinellas Counties for the Tampa & St. Petersburg Railway Company and the following advertisements were ordered placed in newspapers in said counties:

Tallahassee, Florida, February 16, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.

Ernest Amos, Comptroller.
J. C. Luning, Treasurer.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

The Trustees having under date of January 12, 1926, advertised for sale on this date,

Lot 2, Section 27; Lots 1 and 4, Section 33;
Lots 1 and 2, Section 34, Township 64 South, Range 35 East, and Lot 5, Section 3; Lot 1, Section 4, Township 65 South, Range 35 East. Containing 136.41 acres, more or less.

At competitive bids, and Mr. David Glickman having bid $450.00 per acre, which was the highest bid, the sale was made to him.

Deed was ordered issued to Mr. Glickman upon terms of one-fourth cash and balance in one, two and three years with 8 per cent interest on deferred payments.

Land in Sarasota County having been advertised for sale on this date for competitive bids and objections, Sawyer, Surrency, Carter & Keen, Attorneys, filed protest in behalf of the following:

Mrs. Alice E. Faubel,
James G. Campbell,
Asa Cassidy,
Minna W. Matheny,
Mike Roth,
John Petrutsa,
Blanche Hamilton, Gillespie,
John H. Carter,
Walter Bryan,
Mrs. Ashton,
Dr. Wand,
W. H. O'Bryan and
Mrs. Sadie B. Wright,

As owners of the upland adjoining said land, claiming that no channel separated the land from the mainland as required by law.

After discussion the Trustees were of the opinion that there was a channel separating said land, or at least a
greater portion of same, and decided to sell the 81.7 acres lying in Section 36, Township 36 South, Range 17 East, subject to an investigation by the Field Agent, and upon favorable report deed would be issued to purchaser for the entire acreage, or such part as the Trustees had authority to sell.

Bids were called for and Mr. John H. Carter, Representing the City of Sarasota, bid $560.00 per acre, which being the best bid, was accepted.

Mr. Allyn Gilbert made application to purchase Tracts A, B, and C, in Sections 6 and 7, Township 32 South, Range 16 East, Boca Ceiga Bay, Pinellas County, and offered $100.00 per acre for same. The offer was accepted by the Trustees and land advertised for sale on this date as required by law, subject to objections. No objections presented, the sale was consummated to Mr. Gilbert.

A portion of the above land was included in advertisement of land sold to Gasparilla Development Company on February 9th, 1926, but the sale to this company was made with the understanding that the conflict in acreage be amicably settled between Mr. Gilbert and the Gasparilla Development Company.

A letter dated Feb. 12, 1926, was filed with the Trustees from the above parties, stating that they had agreed upon lines.

Deed was ordered issued to Mr. Gilbert upon terms of one-fourth cash and balance in three equal annual payments with 8 per cent interest on deferred payments.

A letter was received from William H. Rogers of Jacksonville, relative to payments on submerged lands in Biscayne Bay, purchased by Arthur Henderson Properties, Incorporated.

The Trustees decided that as a suit was pending against the sale of said property that no further payments would be required until said litigation was disposed of.

Mr. Gregor McLean of Clearwater having on January 12th, 1926, made application for clients of his, to purchase Lots 1 and 2 in L. H. Malone’s Subdivision of Government Lot 1, Section 27, Township 28 South, Range 15 East, and Lot 3, in Government Lot 1, Section 21, Township 29 South, Range 15 East, making an offer of
$100.00 per acre. The offer was accepted and the land advertised for sale on this date, as required by law.

No objections being filed the Trustees declared the land sold to Mr. McLean's clients and deeds were ordered issued to them in accordance therewith, upon terms of one-fourth cash and balance in three equal annual payments with 8 per cent interest on deferred payments.

Lot 4, Section 32, Township 32 South, Range 16 East, containing 16.05 acres, was advertised for sale on this date for competitive bids. Land in Pinellas County, Florida.

Mr. John Marshall's bid of $1050.00 per acre, being the best bid received was accepted and deed was ordered issued to him upon terms of one-fourth cash and balance in one, two and three years, with 8 per cent interest on deferred payments.

Mr. John F. Burket, representing A. E. Cummer, made application to purchase land in Sarasota County, and offered $100.00 per acre. The offer was accepted and advertisement ordered placed in the Sarasota Times:

Any amount not expended shall be carried forward in the Fund.

Upon motion duly seconded, the Budget as above was approved.

Mr. Johnson, Attorney General, moved that the action of the Fire Control Board in dividing the Everglades Drainage District into convenient Fire Districts, as submitted to the Trustees on this date, be approved. Motion seconded and upon vote adopted.

It was moved and carried that Mr. Luning be appointed to confer with the Attorney for the Trustees in the preparation of an Agreement, which shall also constitute an order, authorizing the State Treasurer to advance to the Fire Control Board of the Everglades Drainage District such sums of money as may be needed from time to time, not exceeding the Budget as approved by the Trustees at this meeting, amounting to $156,500.00, and authorizing the State Treasurer, as moneys are received from taxation levied upon the lands in Everglades Drainage District for Fire Control, to immediately, and without further order, place such funds to the credit of the Trustees of the Internal Improvement Fund, thus reimbursing the Trustees for the amounts authorized to be advanced to the said Budget as approved by the Trustees on this date; and that the State Treasurer is further authorized, in co-operation
with the Attorney for the Trustees of the Internal Improvement Fund, to prepare such Agreement and order as above outlined.

Mr. Johnson moved that the Fire Control Board be authorized to take care of any fires occurring in the Everglades prior to the time above Agreement is executed; also do all things necessary to extinguish said fires. The expenses of this work to be paid by the Trustees upon itemized statements from the Board of Fire Control and charged in with the Budget above. Motion seconded and adopted.

Upon motion the Trustees adjourned.

Acting Chairman.

Tallahassee, Florida, March 9, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

Ernest Amos, Comptroller.
J. C. Luning, Treasurer.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

The Trustees having on January 26th, 1926, ordered advertised for sale on this date, Marsh Islands and surrounding submerged and shallow flats in the Indian River, lying in Sections 26, 27, 34 and 35, Township 31 South, Range 39 East, Indian River County, subject to objections, the Chairman called for objections.

Mr. Fred Valz of Jacksonville having filed objections for his client, John H. Minge, to the sale, the Trustees decided to defer sale until the Field Agent could look into the matter and report to the Board.
Kelly & Kelly of Clearwater having made application to purchase submerged land adjacent to upland holdings of clients of theirs, and the Trustees having on January 26th, ordered the said land advertised for objections on this date, as required by law, no objections being presented the sale was made and deeds ordered issued to clients of Kelly and Kelly upon payment of one-fourth cash and balance in three equal annual payments with interest at 8 per cent on deferred payments. Deeds to be made to A. C. McDonald and W. H. Bolger.

Mr. J. L. Kilgore of Bradenton, Florida, made application to purchase lands in Sections 2, 3, 10 and 11, Township 35 South, Range 17 East, Manatee Co., and agreed to bid $150.00 per acre for part of the land and $200.00 per acre for the balance on date of sale.

The Trustees decided to advertise the land for the highest bid, upon Mr. Kilgore having survey made and sent in for advertisement to be prepared therefrom. It was also ordered that the purchaser of the land is to pay for the survey.

Mr. J. L. Kilgore presented a receipted bill of $1209.78 from Brush and Bondy, Civil Engineers, who made a survey of U. S. Lot 1, Section 10, Township 35 South, Range 16 East, and adjacent sand flats in Manatee County; the said land having been sold to Mr. Kilgore sometime ago. At the time of sale it was estimated that the survey would cost approximately one-half the above price, and upon motion of Mr. Johnson, duly seconded and adopted, the Trustees agreed to pay one-half the cost of survey, upon Mr. Kilgore furnishing an itemized statement to be approved by the Field Agent.

Mr. A. C. Adams of West Palm Beach, made application to purchase submerged lands in Lake Worth, Palm Beach County, in Section 34, Township 42 South, Range 43 East, and offered to bid not less than $1,000.00 per acre on date of sale.

Mr. Luning moved that the lands be advertised for sale at competitive bids upon Mr. Adams offer to start the bidding at $1,000.00. Upon vote motion was adopted.
An application was received from Mr. Gus Wilder to purchase the submerged land adjacent to his uplands in Section 29, Township 29 South, Range 15 East, Pinellas County, and the Trustees agreed to sell the land to him at a price of $100.00 per acre, subject to advertisement for objections, upon Mr. Wilder furnishing affidavit that he is the owner of the uplands.

Hon. Nathan Mayo requested that Permit be issued to his brother D. B. Mayo of Ocala, Florida, for dredging sand and refuse material for fill purposes from Lake Weir, Marion County, Florida, at a price of One Cent (1c) per cubic yard.

The Trustees authorized the issuance of said permit to Mr. Mayo as requested at above price.

Counsel for the Trustees presented the following Agreement between the Trustees of the Internal Improvement Fund and the Fire Control Board of the Everglades Drainage District:

D. 1926, for use in the control of fires, by these presents, authorize and direct the State Treasurer, as moneys are received from taxation levied upon the lands in the Everglades Drainage District for fire control, to immediately and without further order place such tax moneys or funds to the credit of the Trustees of the In-
ternal Improvement Fund until the Trustees shall be fully reimbursed for all moneys advanced to the Board of Fire Control under said Budget as approved by the Trustees in March A. D. 1926 and under this Agreement.

IN TESTIMONY WHEREOF, Hereinto and another instrument of like tenor the said Trustees have subscribed their names and affixed their seals, and have caused the seal of the Trustees of the Internal Improvement Fund of the State of Florida to be hereunto affixed at the Capitol, in the city of Tallahassee, attested by the Secretary of the Trustees; and the Board of Fire Control have subscribed their names and affixed their seals, each in the presence of two witnesses, on this 13th day of March, A. Nisle and Vocells of Vero Beach, Florida, made application to purchase land adjacent to Government Lots 1 and
2, Section 9, Township 31 South, Range 39 East, Indian River County.

The Trustees agreed to sell the said land at $100.00 per acre, subject to advertisement for objections, and upon receipt of affidavit from Nisle and Vocelle that they were the upland owners.

Upon motion the Trustees adjourned.

ERNEST AMOS, Comptroller,
Acting Chairman.

Attest:
J. STUART LEWIS,
Secretary.

Tallahassee, Florida, March 16, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:
John W. Martin, Governor.
Ernest Amos, Comptroller.
J. C. Luning, Treasurer.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

Mr. W. C. Wolfe appeared before the Trustees relative to securing a right-of-way for a Toll Road, through lands owned by the State, along the West bank of the Miami Canal; also applied to purchase certain lands adjacent to said Highway.

The Trustees advised Mr. Wolfe to draw up plans for the said highway and give in detail his proposition, etc., at which time the Trustees would consider the same.

The Trustees having on February 2nd, 1926, ordered advertised for sale on this date the submerged land in Section 8, Township 15 South, Range 33 East, Volusia County, containing 4.60 acres, upon the application of C. M. Rogers and D. F. Fuquay, and the said land having been advertised in the DeLand paper as required by law, the Chairman called for objections.
The Secretary presented written objections from the Daytona Chamber of Commerce, upon consideration of same the Trustees decided that the protest was not legal, as the applicant was buying the land as the upland owner for the purpose of filling in same, and not for constructing islands.

Upon vote of Messrs. Martin, Johnson and Mayo the land was sold to Messrs. Rogers and Fuquay at a price of $100.00 per acre.

The Honorable Commissioner of Agriculture was requested to issue deed to above parties upon terms of one-fourth cash and balance in three equal annual payments, with 8 per cent interest upon deferred payments.

WHEREAS, application was made to the Trustees for right-of-way across two Marsh Islands in Indian River, located in Township 31 South, Range 39 East, to build a public highway; and

WHEREAS, the Trustees deem the said Highway a public need and a great necessity, Now, therefore

BE IT RESOLVED That said right-of-way be granted to the County of Indian River, over said islands, to-wit:

No. 1: From the S. E. corner of Section 22, Township 31 South, Range 39 East; run due west 660 feet; thence South 52-1/4 degrees West 900 feet to point of beginning which is on the East Shore of Island Number 1; thence run South 37-3/4 degrees East, 50 feet; thence run South 52-1/4 degrees West 200 feet; thence run North 37-3/4 degrees West 100 feet; thence run North 52-1/4 degrees East 200 feet; thence run South 37-3/4 degrees East 50 feet; to point of beginning; Containing .46 acres more or less.

No. 2: From the S. E. Corner of Section 22, Township 31 South, Range 39 East, run due West 660 feet; thence South 52-1/2 degrees West 2060 feet to point of beginning which is on the East shore of Island No. 2; thence run South 37-3/4 degrees East 50 feet; thence run South 52-1/4 degrees West 1200 feet; thence run North 37-3/4 degrees East 50 feet, to point of beginning; Containing 2.82 acres, more or less; to be used for a
Public Highway, and it is hereby agreed and understood that no tolls shall be charged over said Highway.

W. J. Oven appeared before the Trustees this day in behalf of the Florida Western & Northern Railroad Company and Seaboard All-Florida Railway, and Seaboard Airline Railway Company.

Mr. Oven stated to the Trustees that the application of the Seaboard Airline Railway Company, filed with the Trustees on the 2nd day of October, 1925, had been done improvidently, and that it should have been done in the name of, or names of, the Florida Western & Northern Railroad Company and Seaboard All-Florida Railway and stated that these two latter companies, which were Florida Corporations, would acquire, by proper assignment, any and all rights of the Seaboard Airline Railway Company, acquired under the Resolution of the Trustees dated October 3, 1925.

Mr. Oven also stated that the Engineer constructing the line of railroad from West Palm Beach to Miami, to-wit: Florida Western & Northern Railroad Company and Seaboard All-Florida Railway, found that by reason of the necessity for a high fill over the low lands of the Lake bottom a 200 foot right-of-way was absolutely necessary.

Thereupon, he filed the following joint petition of the Florida Western & Northern Railroad Company and Seaboard All-Florida Railway, to-wit:

To the Honorable Trustees of the Internal Improvement Fund of the State of Florida, Tallahassee, Florida; and

To the Honorable State Board of Education of the State of Florida, Tallahassee, Florida:

Gentlemen:

Now comes the Florida Western & Northern Railroad Company and the Seaboard-All-Florida Railway, Jointly, and respectfully show that they are each corporations organized and existing under the laws of the State of Florida, and are engaged in the construction of a line of railway
from the City of West Palm Beach, in the County of Palm Beach and State of Florida, to the City of Miami, in Dade County, Florida. The said Florida Western & Northern Railroad Company constructing said line from West Palm Beach, aforesaid, through Section Four (4), Five (5), and Nine (9), to a point at or near the East bank of the Palm Beach Canal, where the proposed railway will cross said canal from the East to the West bank thereof, running across the bottom of what was formerly Lake Clarke; and the said Seaboard-All-Florida Railway constructing said line of railway from the point last above mentioned, Southerly across the said Palm Beach Canal, thence through the remainder of the bottom of what was formerly Lake Clarke, southerly on through Section 16; all in Township 44 South, Range 43 East. All of which is more clearly shown on the blueprint attached to this petition, showing the center line of said proposed location of said railway; and which said blueprint is made part hereof by reference. That the applicants, pursuant to Section 4358, Revised General Statutes of Florida, have filed with the Secretary of State of the State of Florida, a plat of the said proposed railroad of the said Florida Western & Northern Railroad, and a like plat showing the proposed location of the railroad of the said Seaboard-All-Florida Railway.

Applicants attach hereto a certified copy of the notice filed by said Florida Western & Northern Railroad Company and by the said Seaboard-All-Florida Railway, with the Secretary of State of the State of Florida, under the provisions of Section 4358, Revised General Statutes aforesaid; and applicants pray that a Two Hundred (200) foot right of way through, over and across the bed of Lake Clarke, as reclaimed, be allowed to them, pursuant to the statute aforesaid; and in accordance with the plats on file with the Secretary of State and the plat attached to this petition, which is a true copy of said plats so filed with the Secretary of State. The 200 ft. right of way desired by the said Florida Western & Northern Railroad Company being particularly described as follows, to-wit:

A right of way 200 feet in width, extending 100 feet on each side of and measured at right angles to the center line of the Florida Western & Northern Railroad, as the same has been surveyed and staked over and across the reclaimed lake
bottom lands of Lake Clarke, Palm Beach County, Florida, in Sections 4, 5, and 9, in Township 44 South, Range 43 East.

The because of the low level of said lands through which applicants' line has been located, and the resulting necessity for a large high fill, the full width of 200 feet will be required for the construction of said railroad.

And the said 200 ft. right of way desired by the said Seaboard-All Florida Railway being particularly described as follows, to-wit:

A right of way 200 feet in width, extending 100 feet on each side of and measured at right angles to the center line of the Seaboard-All Florida Railway, as the same has been surveyed and staked over and across the reclaimed lake bottom lands of Lake Clarke, Palm Beach County, Florida, in Sections 9 and 16, in Township 44, South, of Range 43 East.

That because of the low level of said lands, through which applicants' line has been located, and the resulting necessity for a large high fill, the full width of 200 ft. will be required for the construction of said railroad.

Applicants further state, in support hereof that they are each public carriers so chartered by the State of Florida, and that they each intend the construction of said line of railroad from West Palm Beach, aforesaid, to Miami, aforesaid, as heretofore set forth; and that they intend in good faith to so use said property for right of way purposes, pursuant to the statute in such cases made and provided.

FLORIDA WESTERN & NORTHERN RAILROAD COMPANY,

Upon motion the Trustees adjourned.

ERNEST AMOS, Comptroller,
Acting Chairman.

Attest:  
J. STUART LEWIS,  
Secretary.

Tallahassee, Florida, June 15, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.  
J. C. Luning, Treasurer.  
J. B. Johnson, Attorney General.  
Nathan Mayo, Commissioner of Agriculture.

The submerged lands, sand bars and shallow banks in Township 52 South, Range 26 East, Collier County, advertised April 27th, as required by law, for sale on June 8th, subject to objections was considered, (the Trustees having failed to meet on June 8th on account of a quorum not being present).

Objections were filed by Chester A. Pettit, Thomas C. Curry, Ferguson W. Hall, and M. S. Kise Developing Company.

Attorney General Johnson moved that the matter be deferred until such time as the Trustees are furnished with a correct description and plat of said lands. Seconded by Mr. Mayo and upon vote adopted.
Submerged land in Sections 3 and 4, Township 53 South, Range 42 East, in Dade County, advertised May 4th, as required by law, for sale on this date, subject to objections, applied for by Biscayne Point Realty Company, was considered.

Protest from Hon. Fred M. Valz in behalf of North Venetian Islands Company of Miami, was presented and read to the Board.

Mr. Mayo, Commissioner, moved that the land not be sold. Seconded by Mr. Johnson and upon vote adopted.

Submerged land in Section 3, Township 35 South, Range 16 East, Manatee County, applied for April 27th, by J. L. Kilgore, having been advertised for sale on this date as required by law, no objections being filed, bids were called for.

Mr. Green bid $290.00 per acre and Mr. J. L. Kilgore raised the bid to $300.00 per acre, which being the best bid, the land was sold to Mr. Kilgore.

The Honorable Commissioner of Agriculture was requested to issue deed to Mr. Kilgore upon terms of one-fourth cash and balance in one, two and three years with 8 per cent interest on deferred payments.

Submerged land in Section 12, Township 31 South, Range 15 East in Boca Ceiga Bay, Pinellas County, having been applied for May 11th, by Chas. F. Taylor, was advertised for sale on this date, as required by law, and no objections being filed the offer of Mr. Taylor of $100.00 per acre was accepted and Deed requested issued therefor.

Further consideration of the sale of land in Lake Worth, Palm Beach County, offered for sale on May 25th, 1926 and purchased by A. O. Henderson, to which sale protests were filed by East Coast Finance Corporation and Palm Beach Ocean and Realty Company was had.

After discussion the Trustees decided that the objections were not legal, according to Sections 1061-1062, Revised General Statutes, and upon motion of Mr. Johnson and seconded by Mr. Mayo, deed was requested issued to Mr. A. O. Henderson thirty days from this date.

The sale of Tracts 5, 6 and 7, Township 37 South, Range 18 East, Sarasota County, applied for by Mr. J. Phil Mar-
tin on April 20th, and advertised for sale on May 25th, at which time protests were filed by Sawyer, Surrency, Carter & Keen of Sarasota, in behalf of Phillippe Venetian Islands, Inc., as to Tract 5, was further considered. Mr. J. Phil Martin having advised the Trustees by letter that he withdrew his application to purchase said Tract 5, Mr. Johnson moved that deed be issued to Mr. Martin to Tracts 6 and 7, upon payment of $100.00 per acre. Seconded by Mr. Mayo and upon vote adopted.

Mr. Luning presented the following Resolution:

RESOLUTION.

BE IT RESOLVED That, beginning with the First day of July 1926, all future payments on lands heretofore purchased and on all deferred payments on land hereafter purchased, the rate of interest shall be at the rate of six per cent per annum.

Mr. Johnson moved the adoption of the resolution, and upon vote same was unanimously adopted by those present.

The Hollywood Park, Incorporated, through its President H. P. Ferman, applied to the Trustees for a release of the reservation of canal rights from the Northeast Quarter of Section 13, Township 51 South, Range 41 East, the said land having been conveyed by the Trustees to R. P. Davie and from Davie to the said corporation.

After discussion and report from the Chief Drainage Engineer as to the possibility of digging canals in that locality, it was ordered that deed of release be executed by the Trustees to the Hollywood Park, Incorporated.

The Trustees authorized Hon. John W. Martin, Chairman, to employ legal assistance for Mr. M. C. McIntosh, Counsel, in the cases of Horton vs. Hardee, et al, and Seminole Fruit and Land Company vs. Pyles and Owens.

Mr. J. L. Kilgore appeared before the Trustees, relative to erroneous deed issued to him, and Mr. Johnson moved the adoption of the following Resolution:

Upon motion the Trustees adjourned.

. JOHN W. MARTIN, Governor, Chairman.

Attest: J. STUART LEWIS, Secretary.
Tallahassee, Florida, July 17th, 1926.

The Trustees of the Internal Improvement Fund met on this date in the Capitol.

Present:

Ernest Amos, Comptroller.
J. C. Luning, Treasurer.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

The State Treasurer reported that he had approved bills of Busch, Sulzer Bros.-Deisel Engine Company, approved by the Superintendent of the State Farm, for the engines and machinery purchased from said company by the Board of Commissioners of State Institutions, and that the Lewis State Bank held draft for said invoice, which would have to be taken up.

Upon motion, it was unanimously decided that the State Treasurer should be authorized to transfer $50,000.00 of funds of the Trustees of the Internal Improvement Fund to the State Farm Industries Fund, so as to take care of these bills, and the draft mentioned above; this being done in conformity with the Act of Legislature in appropriating $250,000.00 of funds of the Trustees of the Internal Improvement Fund for the use of the Board of Commissioners of State Institutions in establishing industries at the several State institutions under their control.

Upon motion the Trustees adjourned.

ERNEST AMOS, Comptroller,
Acting Chairman.

Attest:

J. STUART LEWIS,
Secretary.
The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
J. C. Luning, Treasurer.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

The Trustees having on June 15th, 1926, ordered advertised for sale on this date, submerged land lying in Sections 1 and 12, Township 41 South, Range 19 East, containing 34.11 acres, upon the application of Chadwick Brothers of Arcadia, Florida, and the land having been advertised according to law, the Chairman called for bids and objections.

Chadwick Brothers bid $150.00 per acre and this being the best bid made, and no objections being presented, the sale was made to Chadwick Brothers at above price, upon terms of one-fourth cash and balance in three equal annual payments, with 6 per cent interest on deferred payments.

The Honorable Commissioner of Agriculture was requested to issue deed.

Bussey, Mann & Carey of St. Petersburg, Florida, made application for their client to purchase Tracts 1, 2, 3 and 4, lying in Section 7, Township 32 South, Range 17 East, containing in the aggregate 164.30 acres, and the Trustees having on June 8th, ordered the land advertised for sale on this date; publication having been made as required by law, and no objections filed to the same, sale was made to the Marina Land Company at a price of $100.00 per acre, upon terms of one-fourth cash and balance in one, two and three equal annual payments with 6 per cent interest on deferred payments.

The Honorable Commissioner of Agriculture was requested to issue deed to above Company.

Mr. Gus Wilder appeared before the Trustees relative to submerged land in front of the property of Mrs. Ella G. Wicks in Pinellas County, which was advertised for objections April 27th, 1926, and at which time J. L. Kelly, Attor-
ney for the Town of Belleair, filed objections, which objections were upheld and the land not sold.

Mr. Wilder requested the Trustees to issue deed to the said Mrs. Wicks, as she was the owner of the upland and the Town of Belleair had no legal right to object to said sale.

After a discussion of the facts as presented by Mr. Wilder, Mr. Johnson moved that the land be sold to Mrs. Wicks and deed issued to her. Seconded by Mr. Mayo and upon vote the motion was adopted and deed ordered issued.

Mr. T. B. Ellis, Jr., appeared before the Trustees relative to land purchased in Deeds No. 17,271 and 17,272, August 6, 1925, and stated that he could not meet the payments.

After discussion the Trustees agreed to allow Mr. Ellis to re-convey said lands to the Trustees with Abstract to show same clear of all encumbrances and he to pay the 1926, State, County and Drainage taxes. Upon receipt of deed of re-conveyance the Trustees agreed to issue deed to Mr. Ellis for land which the first payment will cover.

The Chairman appointed Messrs. Luning and Mayo a Committee to confer with Mr. Ellis and make a selection of lands from the acreage covered by said deeds, to be conveyed to Mr. Ellis.

Mr. Peter J. DeMuth was also granted permission to re-convey to the State 3/4 of Section 31, Township 56 South, Range 38 East, sold to him August 6, 1925, in Deed No. 17,269, allowing him to retain one-fourth for the first payment made by him. Abstract to be furnished and all taxes for 1926 to be paid by Mr. DeMuth.

The Trustees ordered that a refund of $38.00 be allowed Mr. George Coates on Deed No. 17,633 on account of survey showing the acreage to be less than the number of acres paid for by Mr. Coates.

Hon. J. B. Johnson and J. C. Luning, who were appointed a Committee to agree upon lands to be deeded the New Realty Company, as per Minutes of July 6th, made the following report, which was unanimously adopted:

Tallahassee, Florida, July 6th, 1926.

We, the Committee appointed by the Trustees of the Internal Improvement Fund to meet with Mr. F. M. Valz, President of the New Realty Company to agree upon lands to be deeded to the Trustees by said New Realty Company;
being lands purchased by the New Realty Company from the Trustees, upon which one-fourth of the purchase price has been paid, beg to report that they met with Mr. Valz and agreed with Mr. Valz that the Trustees of the Internal Improvement Fund should deed as fully paid for in consideration of the one-fourth payment made by the New Realty Company on lands purchased from the Trustees of the Internal Improvement Fund the following described lands, to-wit:

Sec. Twp. Rg.
Lot 2 12 43 36 13.58 acres at $250.00 per acre.
Lot 14 13 43 36 18.91 acres at 200.00 per acre.
Lot 15 13 43 36 19.77 acres at 200.00 per acre.
Lot 16 13 43 36 19.77 acres at 200.00 per acre.
E½ of 19 13 43 36 10.00 acres at 200.00 per acre.
Lot 21 13 43 36 19.36 acres at 200.00 per acre.
Lot 1 23 43 36 10.51 acres at 200.00 per acre.
Lot 2 23 43 36 16.41 acres at 200.00 per acre.
Lot 3 23 43 36 19.32 acres at 200.00 per acre.
Lot 4 23 43 36 19.32 acres at 200.00 per acre.
Lot 5 23 43 36 19.77 acres at 200.00 per acre.
Lot 4 24 43 36 13.31 acres at 200.00 per acre.

The amount paid by the New Realty Company on the land which they are re-deeding back to the Trustees; being the one-fourth of said land at the purchase price, amounts to $41,160.50; the amount of the land being full payment which the New Realty Company desires to have the Trustees deed to them as fully paid for. The purchase price which the New Realty Company paid the Trustees for said land amounts to $40,677.00.

This makes a difference of $479.50, which will be still due the New Realty Company, it being found by the Committee that it was impossible without taking more than a couple of acres off one of the lots thereby seriously interfering with the desirability of one of these lots, the Committee recommends to the Trustees that the New Realty Company make this settlement as above outlined, leaving a credit due the New Realty Company of $497.50, to be used by said New Realty Company only in the purchase of any State lands of the Trustees of the Internal Improvement Fund.

Respectfully submitted,

J. B. JOHNSON,
Attorney General.
J. C. LUNING,
State Treasurer.
The Everglades Sugar & Land Company, the Everglades Land Sales Company, and Everglades Land Company, which the Trustees granted permission by Resolution of May 20, 1924, to redeem certain Tax Certificates, and the said Companies having redeemed all such certificates, depositing with the Trustees $67,800.00 and receiving deeds covering said Certificates in the amount of $66,392.63, leaving a balance due said Companies of $1,407.37, as per the following report, it was, upon motion duly seconded and adopted, ordered that check for said sum of $1,407.37 be issued to Everglades Sugar & Land Company.

Tallahassee, Florida, July 20th, 1926.

STATEMENT OF ACCOUNT.

On May 20th, 1924, the Trustees by Resolution agreed upon application of W. I. Evans, representing Everglades Sugar and Land Company, Everglades Land Sales Company and Everglades Land Company, the right for a period of six months from this date to make redemptions of such lands as shall be selected by them, the same to be paid out of the $18,000.00 cash in hand of Trustees. Doggett & Doggett requested release of Canal Right-of-way clause in deed issued them by the Trustees on land purchased from the Trustees.

The Attorney General moved that the Trustees decline to make said release, and upon second to the motion same was adopted, and the request denied.

Dr. H. O. Snow of Tampa requested an extension on his Entry No. 17,671. The Trustees directed that the Land Office write Dr. Snow that if he will pay up all interest due on said entry, that the extension would be granted.

Entry No. 17,572 to John Marshall, dated March 17, 1926, with a deposit of $1,000.00 to be applied on purchase price, was ordered cancelled and the $1,000.00 payment forfeited as Mr. Marshall refused to pay draft when drawn and presented pursuant to his instructions to the Trustees.

The Trustees having on July 13th, ordered advertised for sale on this date, upon application of Fred M. Valz, certain submerged land located in and under the tidal

"September 7, 1926.

Trustees Internal Improvement Fund,
Capitol Building.

Gentlemen:

We the undersigned as a Committee to look into the lands in Lake Worth in which are interested the Lake Worth Inlet District, Southern Power & Light Company, and Brown Company, have investigated the same and recommend that the above companies be allowed to deed back to the Trustees those tracts of land which have formerly been deeded to them by the Trustees.

Before the Trustees accept the above deeds the companies deeding same shall be required to furnish an abstract showing a clear title to same.

The Trustees will then re-deed these lands to the above companies in parcels as desired. Lands which they now desire and which have never passed from the Trustees must be advertised.

With reference to the application of Brown Company, dated July 15, 1926, it is recommended that same be accepted with the exception that no credits be allowed on these later purchases for lands in the original purchase not permitted to be filled by the War Department."
The attached memorandum, map and application of Brown Company show the exact status of Tracts 1 to 7, inclusive.

Respectfully,

J. C. LUNING, Treasurer.

The Trustees agreed to allow him an extension of six months on his payments and directed the Land Department to so advise him.

James A. Dew, Incorporated, requested an extension on his payments for land purchased from the Trustees.

The Land Department advised that no payments had been made on interest or principal since 1923 on this purchase; whereupon, the Trustees directed that Mr. Dew be advised that if all interest due was not paid immediately they would enter foreclosure proceedings at once.

The attention of the Trustees was called to the fact that a number of descriptions of submerged land in Clearwater Bay had been secured and forwarded to this Board by Kelly & Kelly which were found to be inaccurate and it was ascertained that Kelly & Kelly had left town and could not be located.

Mr. Gregor McLean of Clearwater having volunteered to look into these matters for the parties desiring to purchase this submerged land, and in view of the fact that this would entail considerable work, it was decided to retain the services of Mr. W. T. Byrd for a sufficient length of time for him to go over the maps and ascertain and report to the Trustees the correctness of the maps and descriptions.

A letter was received from Mr. Reade Tilley of Clearwater, relative to deed issued to Mr. George Coates to lands in Pinellas County, the application having been made by Kelly & Kelly of Clearwater, representing Mr. Coates, in which he stated that Mr. Coates had never received the deed nor had he received a refund check issued to him by the Trustees.

This letter was referred to Mr. Byrd to take up with Mr. McLean, together with others referred to in above paragraph.

The Land Department presented letter from L. W. Jennings, of Okeechobee, making application for deeds to be issued to W. J. Marsh and W. B. Jennings to lands around Lake Okeechobee, on which they had settled. Mr. Jennings also stated that there was no objection or protest entered to the application of J. R. DeVane.

The Trustees ordered that deeds be issued to above parties.
Letter from Mr. John M. Sutton, relative to sale of islands in Lake Worth, was read and referred to Attorney for report to the Trustees.

Mr. Gregor McLean made application to purchase land in Pinellas County for his client, Mrs. Snell, and the Trustees ordered the following advertisement placed in the Clearwater Evening Sun:

G. Holgate of Miami, the applicant, at a price of $100.00 per acre, upon terms of one-fourth cash and balance in three equal annual payments with 6 per cent interest on deferred payments.

Mr. Arthur Codington requested the Trustees to issue correction deed to his client, Mr. H. H. Hart, to lands formerly deeded to the said Hart, as plat of this land had never been recorded, and to be able to locate the property it was necessary to have correction deed.

The Trustees agreed to make this correction and requested the Honorable Commissioner of Agriculture to issue said deed.

The entire correspondence was referred to Mr. Luning, State Treasurer, with request that he take up the matter with Mr. Will and Mr. Fred E. Fenno, Clerk of the Circuit Court of Palm Beach County and see that arrangements were made to have Mr. Will pay the taxes and in case he could not do so, and upon application of any party for tax deeds on the lands, to authorize Mr. Fenno to draw a draft on the Trustees for the amount of taxes.

Mr. H. Edgar Barnes of the Pennsylvania Sugar Company appeared before the Trustees (and presented a letter
from Mr. Earle, President of the Company, to the Chairman. Mr. Barnes stated that the Sugar Company desired to give up a portion of the lands purchased from the Trustees under Contract dated October 15, 1921, and asked that they be allowed to do so by paying $7.00 per acre, instead of $10.00 as set out in said contract should the Company desire to terminate the contract before all land contracted had been paid for at the rate of $7.00 per acre.

After discussion, and in consideration of the fact that the Pennsylvania Sugar Company had made its payments promptly and paid all taxes, etc., it was the unanimous opinion that said Company should be allowed to purchase such portion as they had paid for at $7.00 per acre, but the Trustees decided that as this was a State contract they had no authority to change it, however, the Legislature of the State could authorize such action, and it was agreed that the matter would be referred to the Session opening in April, 1927, with the recommendation that such an Act, authorizing this action by the Trustees, be enacted.

Nathan Mayo, Commissioner of Agriculture.

The Trustees having loaned the Board of Fire Control moneys sufficient to pay operating expenses until such time as taxes, authorized by law, are collected, the State Treasurer is hereby requested and directed to withhold, when received by him, 50 per cent of said taxes collected and credit same to the Trustees until amount of loan is paid.

Mr. R. E. Hamrick of Okeechobee, and Mr. T. W. Conley, representing Messrs. Hancock and Sellars, appeared before the Trustees relative to their claims to purchase land in Section 32, Township 37 South, Range 35 East.

After presentation of claims by both parties and discussion by the Trustees as to their merits, Mr. Mayo moved that the land be sold to Mr. Hamrick, seconded by Mr. Amos, the vote was as follows:

Nays—Governor Martin—1.
So the motion was adopted and deed ordered issued to Mr. Hamrick to said land at $30.00 per acre.

The Land Department was requested to refund Messrs. Hancock and Sellars deposit made with the Trustees.

On October 5th, 1926, Mr. E. W. McGrew, representing Pinellas Estates, made application to purchase submerged land lying in Section 33, Township 31 South, Range 16 East — 3.29 acres, and offered $100.00 per acre for same.

The Trustees accepted the offer and ordered the land advertised for sale on this date, subject to objections. No objections being presented the sale was consummated to Mr. McGrew and Deed ordered issued to Pinellas Estates.

The Trustees having received application from Mr. Murray Sams of DeLand to purchase submerged land in Volusia County commencing at a meander corner on line between Sections 42 and 43, Township 17 South, Range 34 East, containing 3.55 acres, ordered the same advertised October 5th, for sale on this date; Mr. Sams having made an offer of $100.00 per acre for said land.

Protest was filed by Landis, Fish, Hull & Whitehair, attorneys for the City of New Smyrna, but after discussion Mr. Johnson, Attorney General, moved that the protest be overruled as it did not constitute sufficient grounds. Seconded by Mr. Amos, and upon vote unanimously adopted.

Mr. Johnson moved that the land be sold to Mr. Murray Sams at $100.00 per acre, as formerly agreed upon.

Governor Martin seconded the motion and requested Mr. Amos to take the chair and put the motion. Vote was as follows:

Yeas—Messrs. Martin and Johnson—2.
Nays—Mr. Luning—1.

Those not voting, Messrs. Amos and Mayo—2.

The motion was declared adopted.

This date having been set to hear objections and finally dispose of certain land in Palm Beach County, applied for by Mr. Fred Valz on July 13th, advertised for sale August 17th, to which objections were filed on said date, the matter was again called for discussion, all parties concerned having been notified to be present.

Mr. Scott M. Loftin, one of the objectors having withdrawn his objection by telegram on October 5th, the Trustees overruled the objection of Mr. Morey Dunn, who was
not present, and consummated the sale of land to Mr. Valz as agreed.

Some weeks ago, Mr. J. J. Kehoe, representing Greenlawn Realty Company of Miami, appeared before the Trustees and requested the Trustees to allow them to re-deed three-fourths of the land purchased from the State last summer and retain one-fourth, as the Company would be unable to make the other three payments.

The Trustees agreed to this proposition and the Chairman appointed Messrs. Mayo, Johnson and Luning a committee to look into the matter and select the lands to be re-deeded to the Trustees.

Financial statement for the month of October was presented and ordered placed of record.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
Ernest Amos, Comptroller.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

Mr. W. H. Nobles appeared before the Trustees and stated that the land purchased from the Trustees by him on November 21st, 1925, to-wit:

All Fractional Section 31, Township 6 South, of Range 3 East, 260 acres.

Was claimed by the Florida East Coast Hotel Company and the records showed that they held deed for same and under the cloud to the State's title, he would be unable to dispose of the property.
After discussion, Mr. Johnson moved that the first payment of $8,125.00 made by Mr. Nobles on said land under Entry No. 17398 be refunded by the Trustees, and mortgage held for balance of purchase price be cancelled upon deed of reconveyance from W. H. Nobles to said Trustees with abstract to date showing the land clear of all encumbrances, and the same to be approved by the Counsel of the Trustees. Seconded by Mr. Amos, and upon vote adopted.

Upon motion the Trustees adjourned.

JOHN W. MARTIN, Governor,
Chairman.

J. STUART LEWIS,
Secretary.

Tallahassee, Florida, December 14, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.

Mr. Fred Valz presented the following letter from A. B. and C. C. Small, Attorneys for Dade County:

"Miami, Florida, December 11, 1926.

Mr. T. A. Winfield, President,
Little River Improvement Association,
Tallahassee, Florida.

Dear Mr. Winfield:

In the matter of the construction of the Seventy-ninth Street Causeway, sometimes referred to as the Everglades Avenue Causeway, which work the County Commissioners desire to undertake and push through to a conclusion as early as possible, there are certain suggestions or rec-
ommendations which we would like to make, and which we think, would facilitate the early commencement and completion of this project. In the first place, the County would be almost compelled to have a right-of-way across the submerged lands heretofore conveyed by the Trustees of the Internal Improvement Fund to Gamble & Gamble, Inc., in April, 1926, free of all encumbrances, to the extent of one hundred feet in width. This bay bottom is now subject to a mortgage given by Gamble & Gamble, Inc., to the Trustees of the Internal Improvement Fund, and the County would very much prefer that this strip of land for right-of-way purposes be released from the lien of this mortgage. In fact, we do not think the County can undertake the work unless this is released. We suggest this matter be submitted to the Trustees of the I. I. Board, and we feel quite sure that, in the furtherance of the public interest, the Board would be willing to release this right-of-way strip from the operation of their mortgage.

There is another phase of this matter which also will have to be adjusted before the work can be undertaken by the County, and that is with reference to the mortgage held by the Trustees of the I. I. Fund against Gamble & Gamble, Inc., which covers and embraces a large body of bay bottom in the vicinity of the proposed Everglades Avenue Causeway, and including the bay bottom immediately contiguous to the proposed Causeway, more particularly referred to as tracts C, D, and a portion of Tract B. We understand that Mr. F. C. B. LeGro will succeed to the interest conveyed to Gamble & Gamble, Inc., as far as the same applies to tracts C, D and the central portion of tract B, and inasmuch as the County will be compelled to extend quite a large sum of money in handling this work, for the return of which Mr. LeGro will be responsible, it appears to us that it would be highly desirable if the Trustees of the I. I. Fund would agree to exclude the tracts mentioned from the mortgage given by Gamble & Gamble, Inc., and take from Mr. LeGro a new mortgage covering that portion of the tracts which he is taking over, securing the proportionate amount
of the indebtedness still remaining unpaid on the mortgage debt, and extend the date of maturity for a period of on or before five years from date, as it is now estimated that it will take something like five years for the proposition to work itself out, and the County will probably allow Mr. LeGro five years within which to pay the County the moneys the County will expend on this project, for which Mr. LeGro stands responsible.

If any of those of you who are especially interested in the early construction of the Everglades Avenue Causeway are intending shortly to be before the Trustees of the I. I. Fund, at Tallahassee, we would be very glad indeed if you will bring these matters to the attention of the Board, and ascertain from them if they cannot, in view of the public nature of the work, and of the great necessity for this Causeway, make the arrangement indicated above with reference to the release of the actual right-of-way from the mortgage lien, the separation of the property taken over by Mr. LeGro from the balance of the tract, and the extension of the time of maturity for a period of not over five years. This will greatly assist us in having the work of building the Causeway commenced at an early date, and in fact, make that work, we think, possible at this time, whereas, if something along the lines indicated cannot be done, we feel the County will not be in a position to enter into the project at all.

Very truly yours,

A. B. & C. C. SMALL,
County Attorneys.

CCS:RP. By A. B. SMALL.

After discussion Mr. Johnson, Attorney General, introduced the following Resolution and moved its adoption:

RESOLUTION

BE IT RESOLVED, That the proposition as set out in letter dated December 11th, directed to Mr. T. A. Winfield and signed by A. B. & C. C. Small, Attorneys, submitted to this Board by Gamble & Gamble, Inc., North Venetian
Islaads, Incorporated, and F. C. B. LeGro, be and the same is hereby accepted; and

Trustees Internal Improvement Fund,
State of Florida,
The Capitol.

Dear Sir:

As per order of the Board at a meeting held on the 7th inst., we have examined all papers regarding the reconveyance to the State by Mr. Valz' associated companies, and wish to report as follows:

We find that the Kretex Realty Company purchased on August 14, 1925, Lot 14 of Section 32, Township 50 South, Range 41 East, 40 acres at $260.00 per acre, on which said company paid a cash payment of $2,600.00.

Also, that the Lahey Investment Company purchased on January 7, 1926, the E1/2 of Lot 4, between Township 53 and 54 South, Range 39 East, 248.45 acres at $60.00 per acre, on which they made a cash payment of $3,726.25.

Also, the Kretex Realty Company purchased on January 7, 1926, the W1/2 of Lot 4, between Townships 53 and 54 South, Range 39 East, 248.45 acres at $60.00 per acre, on which they made a cash payment of $3,726.75.

Also, the Kretex Realty Company purchased on August 6, 1925, the NE1/4, N1/2 of NW1/4, SE1/4 of NW1/4, NE1/4 of SW1/4, N1/2 of SE1/4 and SE1/4 of SE1/4 of Section 19, Township 43 South, Range 37 East, 440 acres at $125.00 per acre, on which they made a cash payment of $13,750.00, making a total cash paid in on the above entries of $23,803.50, which Mr. Valz asks that $19,758.00 be
credited on purchase made by the Kretex Realty Company, on January 7, 1926, of Lot 6, between Townships 53 and 54 South, Range 40 East, 329.30 acres, purchased at $80.00 per acre, on which they paid a cash payment of $6,586, and a mortgage is outstanding in the amount of $19,758.00. This leaves a balance of $4,045.50, which Mr. Valz asks that he be deeded so many acres in the SE1/4 of SE1/4 of Section 19, Township 43 South, Range 37 East, as this amount will represent at the original purchase price. We feel that as this land is the farthest from the lake in this section, that the above amount of $4,045.50 is a good value for the full 40 acres, being the SE1/4 of SE1/4, Section 19, Township 43 South, Range 37 East, and we recommend to the Board that Mr. Valz be deeded this portion of said section.

Yours very truly,
(Signed) J. C. LUNING,
State Treasurer.
J. B. JOHNSON,
Attorney General.
Committee.

Upon motion the Trustees adjourned.

JOHN W. MARTIN, Governor.
Chairman.

Attest:

Secretary.

Tallahassee, Florida, December 21, 1926.

The Trustees of the Internal Improvement Fund met on this date in the office of the Governor at the Capitol.

Present:

John W. Martin, Governor.
Ernest Amos, Comptroller.
J. C. Luning, Treasurer.
J. B. Johnson, Attorney General.
Nathan Mayo, Commissioner of Agriculture.
The Trustees on November 16th, ordered advertised for sale on this date a certain Tract of land included in the Government Meander Line of Boca Ratone Lagoon, lying in Section 21, Township 46 South, Range 43 East, and in the N1/2 of Section 28, Township 46 South, Range 43 East, containing 66.73 acres in Palm Beach County.

There being no objection filed to this sale, and Mr. Morey Dunn having agreed to pay $100.00 per acre for same, deed was ordered issued to above property, upon terms of one-fourth cash and balance in one, two and three years, with 6 per cent interest on deferred payments.

A letter from the Florida Sugar & Food Products Company was presented, in which they advised the Trustees that they were in a position to exchange Section 3, Township 44 South, Range 37 East, clear of all encumbrances, for the S1/2 of Section 23, Township 42 South, Range 37 East, and the NW1/4 of Section 19, Township 42 South, Range 38 East; the Trustees having requested this exchange in order that Section 3 be used by the Everglades Experimental Station, as the same joined lands of the Experiment Station.

Mr. Luning moved that an Abstract be furnished by the Florida Sugar & Food Products Company, the Trustees to pay for said Abstract, and upon approval of same by Special Counsel of the Trustees, said exchange be consummated. Seconded by Mr. Mayo and upon vote adopted.

The Trustees having been advised that County Road in East Half of Section 28, Township 43 South, Range 35 East, had been located on other property than that reserved by the Trustees for such purpose, and application having been made by parties whose land had actually been used for the new route of said County Road that they be given land along the old route in exchange for land used, Mr. Johnson moved that said request be granted upon satisfactory proof of the applicants.

Seconded by Mr. Amos, and upon vote adopted.

Mr. E. L. Stapp of the firm of Stapp, Vining and Ward of Miami, appeared before the Trustees and presented the following proposition in writing:
I.

Mr. Bernard A. Luning purchased from your Board lands in Palm Beach County, Florida, described as: All of Section 27, Township 43 South, Range 39 East. These lands were purchased on the basis of 640 acres to the section at the price of $76.00 per acre, for a total purchase price of $48,640.00, of which one-fourth was paid in cash, amounting to $12,160.00, and a mortgage given to the Board to cover the balance of the purchase price.

Stavinard Investment Company, of which I am President, were interested with Mr. Luning in this purchase on the basis of 50% thereof, but the title was made in the name of Mr. Luning and he executed the mortgage.

The provision as to this tract of land is:
(a) The Board will deed to Mr. Luning one-half of one-fourth of the land, or one-eighth thereof, and he desires to have deeded to him the N1/2 of NE1/4 of Section 27, Township 43 South, Range 39 East.
(b) One-half of the purchase price paid, or $6,080.00, to be allowed to Stavinard Investment Company as credit upon their contracts for purchase with the Board hereinafter mentioned.

I am having prepared an abstract covering this property and as soon as prepared will furnish the same to you with a satisfaction of mortgage and a warranty deed from Mr. Luning to the Board for all of Section 27-43-39, except the N1/2 of NE1/4 of this Section, which will vest in the Board again all except the eighty acres selected by Mr. Luning.

II.

Stavinard Investment Company purchased from the Board on August 14, 1925, lands in Dade County, Florida, described as: E1/2 of NE1/4 of Section 34, Township 51 South, Range 41 East, paying therefor $56,000.00, paying one-fourth in cash, or $14,000.00, and executing a mortgage to the Board for $42,000.00.

We desire to reconvey this property to the board, have the Board cancel the mortgage and give to us credit for $14,000.00, to be applied on another contract next hereinafter mentioned.

I am having brought up to date an abstract on this property and will prepare and send to you as soon as the
abstract is completed a deed of conveyance to the property, together with form of satisfaction of mortgage, so as to carry out this intention.

III.

On August 14th, 1925, Stavinard Investment Company purchased from the Trustees lands described as: NW\(1/4\) of NE\(1/4\) of Section 18, Township 57 South, Range 39 East, at and for the sum of $64,624.00, paying $16,156.00 in money and executing a mortgage to the Board for $48,468.00, which mortgage secured the payment of three notes for $16,156.00 each, payable in one, two and three years after date, with interest at 8%.

It is desired to take the credit of $6,090.00 on the lands in Palm Beach County and the credit of $14,000.00 on the lands in Section 34:51-41, making a total credit of $20,080.00 and apply the same toward the payment of indebtedness due on the lands in Section 18:57-39, as above mentioned.

On this contract on lands in Section 18 there was due on August 14, 1926, $16,156.00 as principal, and interest on the total indebtedness at 8% from August 14, 1925, to August 1st, 1926, and we understand that on August 1st, 1926, the Board reduced the rate of interest from 8% to 6%, but for the purpose of calculation we are calculating the interest on the mortgage at 8% for one year, and which shows the amount due on this mortgage as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Note due August 14, 1926</td>
<td>$16,156.00</td>
</tr>
<tr>
<td>Interest on $48,468.00 from August 14, 1925</td>
<td>3,877.44</td>
</tr>
<tr>
<td>Interest on $3,877.44 at 6% from August 14, 1926 to December 21, 1926</td>
<td>46.77</td>
</tr>
<tr>
<td>Total due on this mortgage on December 21, 1926</td>
<td>$20,080.21</td>
</tr>
</tbody>
</table>

This would leave Stavinard Investment Company, calculating amount on this basis, due to the Board on December 21st, 1926, the sum of 21c, by applying the credit of $20,080.00, as above shown.

We would understand that on or about August 1st, 1926, the Board of its own motion reduced the rate of interest on mortgages held by the Board from 8% to 6%, which is
the reason for our calculating interest on interest at 6%, and we would understand that the mortgage as to principal is now drawing interest at 6% per annum, but if we are in error as to this we will be glad to be corrected.

In consideration of the transfer of these credits, we are asking the Board to release to us from the lands in Section 18, Blocks 1, 9, and 10 of Hacienda Park, which is a subdivision of the N 1/2 of NE 1/4 of said Section 18. The lands so to be released, according to our engineer, embrace about 22% of the lands covered by the mortgage held by the Board, but after the applying of the credits above mentioned this mortgage will be 50% paid off.

We are preparing and will furnish to you with the various papers above mentioned, a release of these blocks 1, 9 and 10, of Hacienda Park, together with a certified copy of the plat of this subdivision.

Inasmuch as these papers cannot be sent to you for perhaps a week, we would like to have our calculations of credits, interest and payments, checked over and advise us as to the correctness thereof, so that at the time we send to you the papers above mentioned, that we can remit to the Board for whatever amounts may be due to the Trustees.

In addition to the return of the lands in Palm Beach County and the lands in Section 34, above mentioned, we will pay all taxes, both drainage and State and County, on the lands to be returned to the Board, and we presume that the Board is not interested in the matter of the lands in Section 18, but we do want to say that these taxes will also be paid, and if you want to have submitted to you certificates as to the payment of these taxes, we will be glad to submit them to you.

State Treasurer J. C. Luning asked to be excused from the discussion and action, as the Mr. Luning referred to in the above proposition was a relative of his.

The Chairman excused him.

After discussion, Mr. Johnson moved that the Trustees agree to the settlement as above outlined.

Seconded by Mr. Mayo, and upon vote adopted.

The Vero Beach-Detroit Company having on July 13, 1926, purchased certain submerged lands from the Trustees situated along Indian River, located in Indian River
County, containing 252.77 acres, and having secured a permit from the U. S. War Department to construct a causeway through this property, made application to purchase any additional submerged land, after construction of said causeway, that may be adjacent to their original purchase of July 13, 1926.

Mr. Luning made motion that the Trustees agree to sell said land at $100.00 per acre to the said Company.

Seconded by Mr. Johnson and upon vote adopted.

The Trustees having on December 14th, 1926, ordered certain land advertised for the Normandy Beach Properties Corporation, the following Notice was placed in the Miami Herald:
